

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patrick Stordahl
DOCKET NO.: 23-01957.001-R-1
PARCEL NO.: 16-29-412-008

The parties of record before the Property Tax Appeal Board are Patrick Stordahl, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,220
IMPR.: \$273,565
TOTAL: \$321,785

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,288 square feet of living area. The dwelling was constructed in 2015 and is approximately 8 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 650 square foot garage. The property has an approximately 10,080 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings ranging in size from 3,150 to 3,442 square feet of living area. The dwellings are from 17 to 26 years old. The comparables each have basement, two of which have finished area. Each comparable has central air conditioning, a fireplace and a garage

ranging in size from 418 to 744 square feet of building area. The comparables have improvement assessments ranging from \$221,056 to \$249,176 or from \$66.54 to \$72.77 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$235,273 or \$71.56 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$321,785. The subject property has an improvement assessment of \$273,565 or \$83.20 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,031 to 3,435 square feet of living area. The dwellings are 8 or 11 years old. Each comparable has a basement with finished area, central air conditioning, a fireplace and a garage ranging in size from 650 to 852 square feet of building area. The comparables have improvement assessments ranging from \$247,300 to \$288,875 or from \$81.59 to \$85.35 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted twelve equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables due to their older dwelling ages and/or lack of basement finish, when compared to the subject.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review, which are similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments ranging from \$247,300 to \$288,875 or from \$81.59 to \$85.35 per square foot of living area. The subject's improvement assessment of \$273,565 or \$83.20 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
