

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pollack Family Trust
DOCKET NO.: 23-02005.001-R-1
PARCEL NO.: 15-36-205-068

The parties of record before the Property Tax Appeal Board are Pollack Family Trust, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$82,350
IMPR.: \$124,886
TOTAL: \$207,236

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,046 square feet of living area. The dwelling was constructed in 1995. Features of the home include a basement, central air conditioning, a fireplace, 358 square foot deck, a 72 square foot gazebo, and a 464 square foot garage. The property has a 15,133 square foot site and is located in Riverwoods, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of frame exterior construction with either 3,046 or 3,181 square feet of living area. The dwellings were built from 1995 to 1998. Each comparable has a basement, central air conditioning, a fireplace, and a garage with 464 square

feet of building area. Comparable #1 has a deck. The comparables have improvement assessments ranging from \$113,257 to \$133,353 or from \$37.18 to \$41.92 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$237,546. The subject property has an improvement assessment of \$155,196 or \$50.95 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of frame exterior construction with each containing 2,922 square feet of living area. The dwellings were built from 1995 to 1997 and have basements, four of which have finished area. Each comparable has central air conditioning, one fireplace, and a garage with either 641 or 642 square feet of building area. The comparables have improvement assessments ranging from \$145,949 to \$151,603 or from \$49.95 to \$51.88 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains seven equity comparables for the Board's consideration. The Board gives less weight to the board of review comparables which have larger garages and/or finished basement area when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables which overall are most similar to the subject in location, age, dwelling size and features. These most similar comparables have improvement assessments ranging from \$113,257 to \$133,353 or from \$37.18 to \$41.92 per square foot of living area. The subject's improvement assessment of \$155,196 or \$50.95 per square foot of living area falls above the range established by the best comparables in the record. Based on this evidence, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
