

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rena Lewin
DOCKET NO.: 23-02013.001-R-1
PARCEL NO.: 16-10-412-010

The parties of record before the Property Tax Appeal Board are Rena Lewin, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$50,064
IMPR.: \$266,422
TOTAL: \$316,486

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2.5-story dwelling of brick exterior construction with 3,846 square feet of living area. The dwelling was constructed in 1895 and is 128 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 546 square foot garage. The property has a 9,148 square foot site and is located in Highwood, Moraine Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story, 1.75-story, or 2-story dwellings of wood siding, brick or brick and wood siding exterior construction ranging in size from 2,900 to 9,154 square feet of living area. The dwellings were built from 1890 to 1905. Three dwellings have basements, two

of which have finished area. Each comparable has central air conditioning, one or six fireplaces, and a garage ranging in size from 442 to 1,385 square feet of building area. The comparables have improvement assessments ranging from \$196,465 to \$498,244 or from \$54.43 to \$67.75 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$316,486. The subject property has an improvement assessment of \$266,422 or \$69.27 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on two equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story or 1.75-story dwellings of brick exterior construction with 3,259 or 3,681 square feet of living area. The dwellings are 133 years old and have basements, one of which has finished area. Each comparable has central air conditioning one or two fireplaces, and a garage with 660 or 765 square feet of building area. The comparables have improvement assessments of \$232,900 and \$275,834 or \$71.46 and \$74.93 per square foot of living area, respectively. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2 and #4 due to significant differences in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 and the board of review comparables which overall are more similar to the subject in location, age, dwelling size, and features. These comparables have improvement assessments ranging from \$232,900 to \$284,791 or from \$64.06 to \$74.93 per square foot of living area. The subject's improvement assessment of \$266,422 or \$69.27 per square foot of living area falls within the range established by the best comparables in the record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
