

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Kohn
DOCKET NO.: 23-02021.001-R-1
PARCEL NO.: 16-36-404-002

The parties of record before the Property Tax Appeal Board are William Kohn, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$78,200
IMPR.: \$157,461
TOTAL: \$235,661

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,522 square feet of living area. The dwelling was constructed in 1939 and is 84 years old with an effective age of 1981 or 42 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 180 square foot garage. The property has a 10,068 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 2,275 to 2,969 square feet of living area. The dwellings were built from 1929 to 1946 with effective ages ranging from 1970 to 1984. The dwellings have basements, one of which has

finished area. Each comparable has central air conditioning, one fireplace, and a garage ranging in size from 241 to 483 square feet of building area. The comparables have improvement assessments ranging from \$128,020 to \$171,031 or from \$54.42 to \$58.39 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$235,661. The subject property has an improvement assessment of \$157,461 or \$62.43 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of brick or stucco exterior construction ranging in size from 2,179 to 2,320 square feet of living area. The dwellings are 82 to 86 years old and have basements, two of which have finished area. Two comparables have central air conditioning. Each comparable has two fireplaces, and a garage ranging in size from 420 to 441 square feet of building area. The comparables have improvement assessments of \$136,104 to \$146,419 or \$62.46 and \$63.11 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #3 and #4 as well as board of review comparable #1 which have unfinished basements when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #2 and board of review comparables #2 and #3 which have finished basement area and are relatively similar to the subject in location, age, dwelling size, and some features. These comparables have improvement assessments ranging from \$128,020 to \$146,419 or from \$56.27 to \$63.11 per square foot of living area. The subject's improvement assessment of \$157,461 or \$62.43 per square foot of living area falls within the range established by the best comparables in the record on a square foot basis but higher on an overall basis which is justified due to subject's larger dwelling size. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
