

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eduard Khutornyy
DOCKET NO.: 23-02025.001-R-1
PARCEL NO.: 15-15-304-029

The parties of record before the Property Tax Appeal Board are Eduard Khutornyy, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,880
IMPR.: \$202,674
TOTAL: \$238,554

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 3,692 square feet of living area. The dwelling was constructed in 1992. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 504 square foot garage. The property has a 5,091 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of frame or brick and frame exterior construction ranging in size from 3,073 to 3,336 square feet of living area. The dwellings were built from 1990 to 1993 and have basements. Each comparable has central air conditioning, one

fireplace, and a garage ranging in size from 153 to 234 square feet of building area. The comparables have improvement assessments ranging from \$151,262 to \$161,971 or from \$45.34 to \$52.27 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$238,554. The subject property has an improvement assessment of \$202,674 or \$54.90 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of frame or brick and frame exterior construction ranging in size from 3,073 to 3,336 square feet of living area. The dwellings were constructed in 1990 or 1993 and have basements, two of which have finished area. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 462 to 529 square feet of building area. The comparables have improvement assessments ranging from \$160,616 to \$176,656 or from \$49.99 to \$52.95 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration that are similar to the subject in location, style and age but all have smaller dwelling sizes. Nevertheless, the Board gives less weight to the appellant's comparables and board of review comparables #3 and #4 which have unfinished basements when compared to the subject's finished basement.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are the only comparables in the record with finished basement area. These comparables have improvement assessments of \$166,925 and \$176,656 or \$51.52 and \$52.95 per square foot of living area. The subject's improvement assessment of \$202,674 or \$54.90 per square foot of living area falls above the two best comparables in the record which is justified when considering the subject has a larger dwelling size and more finished basement area. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
