

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keith & Lori Berkson
DOCKET NO.: 23-02030.001-R-1
PARCEL NO.: 15-21-122-003

The parties of record before the Property Tax Appeal Board are Keith & Lori Berkson, the appellants, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,541
IMPR.: \$159,904
TOTAL: \$190,445

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,315 square feet of living area. The dwelling was constructed in 1990. Features of the home include a basement with finished area, central air conditioning, three fireplaces and a 484 square foot garage. The property has a 15,652 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellants contend assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellants submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 2,589 to 3,579 square feet of living area. The dwellings were built in 1990 or 1991 and have basements, two with finished area. Each comparable has central air conditioning, one to

three fireplaces, and a garage ranging in size from 440 to 744 square feet of building area. The comparables have improvement assessments ranging from \$120,028 to \$160,614 or from \$41.27 to \$47.73 per square foot of living area. Based on this evidence the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$190,445. The subject property has an improvement assessment of \$159,904 or \$48.24 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 3,215 to 3,315 square feet of living area. The dwellings were constructed from 1990 to 1992 and have basements, two of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 484 to 630 square feet of building area. The comparables have improvement assessments ranging from \$156,494 to \$164,548 or from \$47.21 to \$49.79 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board gives less weight to appellants' comparable #1 due to difference in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables in the record which are more similar in dwelling size, two of which are identical. These comparables are also similar to the subject in location, age, and most features. These comparables have improvement assessments ranging from \$147,722 to \$164,548 or from \$41.27 to \$49.87 per square foot of living area. The subject's improvement assessment of \$159,904 or \$48.24 per square foot of living area falls within the range established by the best comparables in the record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
