

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Leigh Pollak
DOCKET NO.: 23-02117.001-R-1
PARCEL NO.: 17-31-302-067

The parties of record before the Property Tax Appeal Board are Leigh Pollak, the appellant, by attorney Steven Kandelman, of Rieff Schramm Kanter & Guttman in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$101,130
IMPR.: \$314,899
TOTAL: \$416,029

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,792 square feet of living area. The dwelling is 22 years old. Features of the home include a full basement, that has finished area, central air conditioning, two fireplaces and a 528 square foot garage. The property has a 14,000 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on seven comparable properties that are located within .83 of a mile from the subject. The comparables are improved with 2-story dwellings of various exterior construction ranging in size from 3,774 to 4,332 square feet of living area. The dwellings range in age from 18 to 24 years old. The comparables have full basements, six of which have finished area, central air conditioning, one

or two fireplaces, and a garage ranging in size from 469 to 648 square feet of building area. The comparables have improvement assessments ranging from \$214,648 to \$274,218 or from \$55.30 to \$70.24 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$416,029. The subject property has an improvement assessment of \$314,899 or \$83.04 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties located from .08 of a mile to 1.29 miles from the subject. The comparables are improved with 2-story dwellings of various exterior construction ranging in size from 3,640 to 3,961 square feet of living area. The dwellings range in age from 15 to 21 years old. The comparables have full basements, each of which have finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 500 to 712 square feet of building area. The comparables have improvement assessments ranging from \$309,715 to \$374,212 or from \$83.36 to \$94.47 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 11 comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #6 and #7, due to their lack of finished basement area or their difference in dwelling size when compared to the subject. The Board also gives less weight to the board of review's comparables #3 and #4, due to their newer age when compared to the subject or their location over a mile from the subject. The Board finds the parties' remaining comparables have varying degrees of similarity to the subject. The best comparables have improvement assessments ranging from \$214,648 to \$329,595 or from \$55.44 to \$85.11 per square foot of living area. The subject's improvement assessment of \$314,899 or \$83.04 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
