

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Geraghty
DOCKET NO.: 23-02161.001-R-1
PARCEL NO.: 13-02-109-003

The parties of record before the Property Tax Appeal Board are James Geraghty, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,639
IMPR.: \$193,695
TOTAL: \$207,334

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 2,722 square feet of living area.¹ The dwelling was constructed in 2004 and is approximately 19 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace, and an 875 square foot garage. The property has a 9,398 square foot site and is located in Tower Lakes, Cuba Township, Lake County.

¹ The Board finds the best evidence of the subject's design and dwelling size is found in the board of review's evidence which includes a sketch of the subject home and depicts a lower-level garage rather than living area.

The appellant contends overvaluation as the basis of the appeal.² In support of this argument the appellant submitted information on three comparable sales located within 0.83 of a mile from the subject. The parcels range in size from 6,066 to 198,634 square feet of land area and are improved with 2-story homes of frame, or frame and brick exterior construction ranging in size from 2,715 to 2,916 square feet of living area. The dwellings range in age from 38 to 49 years old. Each home has a basement, two of which have finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 572 to 1,146 square feet of building area. The comparables sold from March 2021 to May 2023 for prices ranging from \$441,000 to \$589,500 or from \$162.43 to \$208.45 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$207,334. The subject's assessment reflects a market value of \$622,064 or \$228.53 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.³

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.84 of a mile from the subject. The parcels range in size from 15,031 to 73,578 square feet of land area and are improved with 1-story or 1.5-story homes of frame or brick exterior construction ranging in size from 2,485 to 3,187 square feet of living area. The dwellings were built from 1961 to 1976. Each home has a basement with finished area, central air conditioning, one to three fireplaces, and a garage ranging in size from 546 to 1,201 square feet of building area. The comparables sold from June 2022 to February 2024 for prices ranging from \$554,000 to \$803,000 or from \$221.25 to \$296.58 per square foot of living area, including land. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Adm. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Adm. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparables #1 and #4, due to substantial differences from the subject in design and/or which sold less proximate in time to the assessment date than the other sales in this record.

² The appellant indicated comparable sales as the basis for the appeal but also submitted a partial appraisal. As the appellant did not indicate a recent appraisal as a basis for this appeal, the Board shall not further consider this partial appraisal evidence.

³ Section 1910.50(c)(1) of the Board's procedural rules provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Adm. Code § 1910.50(c)(1). As of the development of this Final Administrative Decision, the Department of Revenue has not published figures for tax year 2023.

The Board finds the best evidence of market value to be the board of review's comparables #2, #3, and #5, which sold more proximate in time to the assessment date and are similar to the subject in design, dwelling size, location, and features, although these comparables are older homes than the subject and have significantly larger sites than the subject, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These most similar comparables sold for prices ranging from \$737,000 to \$803,000 or from \$238.47 to \$296.58 per square foot of living area, including land. The subject's assessment reflects a market value of \$622,064 or \$228.53 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
