

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sheri Levi
DOCKET NO.: 23-02967.001-R-1
PARCEL NO.: 16-34-403-029

The parties of record before the Property Tax Appeal Board are Sheri Levi, the appellant, by attorney David R. Bass, of Field and Goldberg, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,297
IMPR.: \$243,690
TOTAL: \$284,987

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,123 square feet of living area. The dwelling was constructed in 2005 and is approximately 18 years old. Features of the home include a basement with finished area,¹ central air conditioning, a fireplace, and a 378 square foot garage. The property has an approximately 8,406 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story or 2.5-story homes of brick or wood siding exterior

¹ The Board finds the best evidence of basement finish is found in the subject's property record card presented by the board of review, which was not refuted by the appellant.

construction ranging in size from 2,795 to 3,568 square feet of living area. The dwellings were built from 2001 to 2006. Each home has a basement, one of which has finished area,² central air conditioning, and a fireplace. Four comparables each have a garage ranging in size from 418 to 694 square feet of building area. The comparables have improvement assessments ranging from \$191,675 to \$250,897 or from \$68.58 to \$70.32 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$216,486.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$284,987. The subject property has an improvement assessment of \$243,690 or \$78.03 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick exterior construction ranging in size from 2,918 to 3,123 square feet of living area. The board of review noted comparable #1 is the same model as the subject. The dwellings range in age from 15 to 18 years old. Each home has a basement with finished area, central air conditioning, a fireplace, and a garage ranging in size from 378 to 462 square feet of building area. The comparables have improvement assessments ranging from \$227,604 to \$243,690 or from \$75.53 to \$78.03 per square foot of living area. Based on this evidence the board of review requested the subject's assessment be sustained.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, which are less similar to the subject in dwelling size than the other comparables in this record and/or lack finished basement area that is a feature of the subject. The Board finds the best evidence of assessment equity to be the board of review's comparables, which are identical or similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$227,604 to \$243,690 or from \$75.53 to \$78.03 per square foot of living area. The subject's improvement assessment of \$243,690 or \$78.03 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

² The board of review reported comparable #4 has finished basement area which was unrefuted by the appellant.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
