

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Benjamin Feder
DOCKET NO.: 23-02986.001-R-1
PARCEL NO.: 16-24-302-002

The parties of record before the Property Tax Appeal Board are Benjamin Feder, the appellant, by attorney David R. Bass, of Field and Goldberg, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$130,351
IMPR.: \$525,537
TOTAL: \$655,888

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story home of stone exterior construction with 5,173 square feet of living area. The dwelling was constructed in 2004 and is approximately 19 years old. Features of the home include a basement with finished area,¹ central air conditioning, three fireplaces, and a 748 square foot garage. The subject has a 26,620 square foot site and is located in Highland Park, Moraine Township, Lake County.

In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick, Dryvit, or wood siding exterior construction ranging in size from 4,771 to 5,587 square feet of living area. The dwellings were built from 1999 to 2003

¹ The Board finds the best evidence of basement finish is found in the subject's property record card presented by the board of review which was not refuted by the appellant.

with the oldest home having an effective age of 2001. Each home has a basement, central air conditioning one to three fireplaces, and a garage ranging in size from 484 to 748 square feet of building area. The comparables have improvement assessments ranging from \$445,171 to \$515,035 or from \$92.18 to \$93.31 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$478,503.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$655,888. The subject has an improvement assessment of \$525,537 or \$101.59 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1.75-story or 2-story homes of brick, stone, or Dryvit exterior construction ranging in size from 4,677 to 5,751 square feet of living area. The dwellings range in age from 16 to 28 years old. Each home has a basement with finished area, central air conditioning, one to four fireplaces, and a garage ranging in size from 714 to 1,076 square feet of building area. The comparables have improvement assessments ranging from \$478,794 to \$602,371 or from \$101.81 to \$113.36 per square foot of living area. Based on this evidence the board of review requested the subject's assessment be sustained.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.AdM.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.AdM.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparable #4, which are less similar to the subject in dwelling size and/or basement finish than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2 and #3, which are more similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments ranging from \$478,794 to \$553,609 or from \$101.81 to \$113.36 per square foot of living area, respectively. The subject's assessment of \$525,537 or \$101.59 per square foot of living area falls within the range established by the best comparables on a total improvement assessment basis and below the range on a per square foot basis. Based on this evidence, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
