

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chris Ramig  
DOCKET NO.: 23-04307.001-R-1  
PARCEL NO.: 14-2-15-35-04-408-004

The parties of record before the Property Tax Appeal Board are Chris Ramig, the appellant, and the Madison County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Madison** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$31,530  
**IMPR.:** \$123,450  
**TOTAL:** \$154,980

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a notice of equalization issued by the Madison County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 4,000 square feet of living area. The dwelling was constructed in 1990. Features of the home include a full basement, central air conditioning, a fireplace and an 800 square foot garage. The property has a .30-acre site and is located in Glen Carbon, Edwardsville Township, Madison County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant completed Section IV - Recent Sale Data of the appeal petition and submitted a Settlement Statement showing the subject property was purchased on March 14, 2023, for a price of \$465,000 or \$116.25 per square foot of living area, including land. It was also indicated the property was advertised for sale through the Multiple Listing Service, was sold using a realtor, and the purchase was not between family members or related corporations. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the subject's assessment prior to equalization.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$143,990.<sup>1</sup> The subject's total assessment, as indicated by the Notice of Final Decision, reflects a market value of \$467,327 or \$116.83 per square foot of living area, land included, when applying the statutory level of assessments of 33.33%.<sup>2</sup>

In support of its contention of the correct assessment, the board of review provided the subject's property record card along with a letter arguing that removing the subject's equalization factor would result in a full value that is less than the subject's March 2023, purchase price. Therefore, the board of review requested confirmation of the subject's total assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

As an initial matter, the record indicates that the appellant did not file a complaint with the board of review but appealed the subject's total assessment directly to the Board based on a notice of an equalization factor. Since the appeal was filed after notification of an equalization factor, the amount of relief that the Board can grant is limited. Section 1910.60(a) of the rules of the Board states in part:

If the taxpayer or owner of property files a petition within 30 days after the postmark date of the written notice of the application of final, adopted township equalization factors, the relief the Property Tax Appeal Board may grant is limited to the amount of the increase caused by the application of the township equalization factor. (86 Ill.Admin.Code §1910.60(a)).

Additionally, section 16-180 of the Property Tax Code provides in pertinent part:

Where no complaint has been made to the board of review of the county where the property is located and the appeal is based solely on the effect of an equalization factor assigned to all property or to a class of property by the board of review, the Property Tax Appeal Board may not grant a reduction in the assessment greater than the amount that was added as the result of the equalization factor. (35 ILCS 200/16-180).

---

<sup>1</sup> Although the Board or Review Notes on Appeal disclosed a total assessment of \$143,990, the appellant's Notice of Final Decision on Assessed Value by the Madison County Board of Review indicated a final value, after equalization, of \$155,760.

<sup>2</sup> Section 1910.50(c)(1) of the Board's procedural rules provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code Section 1910.50(c)(1). As of the development of this Final Administrative Decision, the Department of Revenue has not published figures for the tax year 2023.

These provisions mean that where a taxpayer files an appeal directly to the Board after notice of application of an equalization factor, the Board cannot grant an assessment reduction greater than the amount of increase caused by the equalization factor. Villa Retirement Apartments, Inc. v. Property Tax Appeal Bd., 302 Ill. App. 3d 745, 753, 706 N.E. 2d 76, 82, 235 Ill. Dec. 816, 822 (4th Dist. 1999). Thus, any reduction would be limited to the increase in the assessment caused by the application of the equalization factor.

The Board finds the best evidence of market value to be the purchase of the subject property in March 2023, for a price of \$465,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market the Multiple Listing Service and it had been on the market for one year. In further support of the transaction the appellant submitted a copy of the sales settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record, the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
