

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ademir Buric  
DOCKET NO.: 23-05402.001-R-1  
PARCEL NO.: 05-21-211-025

The parties of record before the Property Tax Appeal Board are Ademir Buric, the appellant; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$34,030  
**IMPR.:** \$199,980  
**TOTAL:** \$234,010

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,491 square feet of living area. The dwelling was constructed in 2008. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 504 square foot garage. The property has a 9,566 square foot site and is located in Wheaton, Milton Township, DuPage County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within .2 of a mile from the subject. The comparables are improved with 2-story dwellings of frame or frame and masonry exterior construction ranging in size from 3,048 to 3,280 square feet of living area. The dwellings were built from 1880 to 1994 and have basements, one of which has finished area. Each comparable has central air conditioning, one fireplace, and a garage ranging in size from 528 to 740 square feet of building area. The

comparables have improvement assessments ranging from \$133,340 to \$136,290 or from \$40.94 to \$43.75 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$234,010. The subject property has an improvement assessment of \$199,980 or \$57.28 per square foot of living area.

In response to the appeal the board of review critiqued the appellant's comparables noting they are considerably older homes. The board of review also submitted a map showing the location of the subject property in relation to both parties' comparables.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of frame or frame and masonry exterior construction ranging in size from 3,096 to 3,498 square feet of living area. The dwellings were constructed from 2003 to 2006 and have basements, two of which have finished area. Each comparable has central air conditioning, one fireplace, and a garage ranging in size from 620 to 725 square feet of building area. The comparables have improvement assessments ranging from \$186,140 to \$222,620 or from \$60.21 to \$64.08 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are considerably older homes when compared to the subject. The Board finds the best evidence of assessment equity to be the board of review comparables which are more similar in age, dwelling size, and some features. However, comparables #3 and #4 have finished basement area unlike the subject, suggesting downward adjustments are necessary to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$186,140 to \$222,620 or from \$60.21 to \$64.08 per square foot of living area. The subject's improvement assessment of \$199,980 or \$57.28 per square foot of living area falls within the range established by the best comparables in the record on an overall basis and below the range on a square foot basis. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
