

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Weinstein
DOCKET NO.: 23-20250.001-R-1
PARCEL NO.: 01-07-401-006-0000

The parties of record before the Property Tax Appeal Board are Michael Weinstein, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,820
IMPR.: \$30,179
TOTAL: \$50,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 2,211 square feet of living area. The dwelling is approximately 68 years old. Features of the home include a crawl space foundation, central air conditioning, one fireplace and a 3-car garage. The property has an approximately 208,204 square foot site and is located in Barrington, Barrington Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code and from 0.30 of a mile to 6.6 miles from the subject property. The comparables are improved with 1-story class 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,307 to

2,629 square feet of living area. The homes range in age from 56 to 72 years old. Three comparables have a basement and one comparable has a concrete slab foundation. Each dwelling has central air conditioning, one or two fireplaces and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$27,220 to \$33,000 or from \$10.52 to \$12.72 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$25,426 or \$11.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,999. The subject property has an improvement assessment of \$30,179 or \$13.65 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code, one of which is also located in the same subarea as the subject property. The comparables are improved with 1-story or 1½-story class 2-04 dwellings of frame exterior construction ranging in size from 1,981 to 2,395 square feet of living area. The homes range in age from 52 to 120 years old. Each comparable has a basement, two of which have finished area. Each dwelling has central air conditioning, one to three fireplaces and from a 2-car to a 3.5-car garage. The comparables have improvement assessments ranging from \$30,294 to \$44,028 or from \$15.16 to \$20.28 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #3 and #4 which are located from 3 to 6.6 miles from the subject property. The Board gives less weight to board of review comparables #1, #2 and #4 which differ from the subject in age, design and/or finished basement amenity.

The Board finds the best evidence of assessment equity to be appellant comparable #2 along with board of review comparable #3 which are more similar to the subject in location, age, design and dwelling size. However, these two properties differ from the subject in foundation type and garage size suggesting adjustments are needed to make these properties more equivalent to the subject. These two comparables have improvement assessments of \$28,105 and \$31,090 or \$10.94 and \$15.16 per square foot of living area. The subject's improvement assessment of \$30,179 or \$13.65 per square foot of living area is bracketed by the two best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the

subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
