

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Afzal Jameel
DOCKET NO.: 23-20256.001-R-1
PARCEL NO.: 12-12-407-037-0000

The parties of record before the Property Tax Appeal Board are Afzal Jameel, the appellant, by Robert Rosenfeld, attorney-at-law of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,836
IMPR.: \$40,164
TOTAL: \$45,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of masonry exterior construction containing 2,294 square feet of living area. The dwelling was constructed in 2000 and is approximately 23 years old. Features of the property include a full basement, central air conditioning, 2½ bathrooms and a 2-car garage. The property has a 3,720 square foot site located in Harwood Heights, Norwood Park Township, Cook County. The subject is a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables consisting of class 2-78 properties improved with two-story dwellings of masonry exterior construction that range in size from 2,044 to 2,681 square feet of living area. The homes are 17 to 39 years old. Each comparable has a full basement, central air conditioning, and a 2-

car or 2½-car garage. The comparables have 1½, 2½ or 4½ bathrooms, and two comparables each have one fireplace. These properties have the same assessment neighborhood code as the subject property and are located from 1.3 to 2.2 miles from the subject property. These properties have improvement assessments ranging from \$33,242 to \$43,164 or from \$15.71 to \$16.26 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$36,910.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,000. The subject property has an improvement assessment of \$40,164 or \$17.51 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-78 properties improved with two-story dwellings of masonry exterior construction that range in size from 2,082 to 2,352 square feet of living area. The homes are from 17 to 25 years old. Each property has a full basement with one having finished area, central air conditioning, 1½ or 2½ bathrooms, and a 2-car garage. Two comparables each have one fireplace. The comparables have the same assessment neighborhood code as the subject and are located in the same block or ¼ of a mile from the subject. Their improvement assessments range from \$38,746 to \$46,416 or from \$18.61 to \$20.82 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables that are more similar to the subject in location, dwelling size and/or age than are the comparables submitted by the appellant. The board of review comparables are also similar to the subject in exterior construction and most features. The board of review comparables have improvement assessments that range from \$38,746 to \$46,416 or from \$18.61 to \$20.82 per square foot of living area. The subject's improvement assessment of \$40,164 or \$17.51 per square foot of living area falls within the range of the total improvement assessments but is below the range on a per square foot of living area basis as established by the best comparables in this record demonstrating the subject property is being equitably assessed. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
