

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jovelt Jeune Trust  
DOCKET NO.: 23-20281.001-R-1  
PARCEL NO.: 15-01-316-020-0000

The parties of record before the Property Tax Appeal Board are Jovelt Jeune Trust, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$22,076  
**IMPR.:** \$174,261  
**TOTAL:** \$196,337

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry exterior construction with 6,436 square feet of living area. The dwelling is approximately 7 years old. Features of the home include a full basement with finished area, central air conditioning, three fireplaces, and a 4-car garage. The property has an 18,397 square foot site and is located in River Forest, River Forest Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-09 properties improved with 2-story or more dwellings of masonry exterior construction ranging in size from 6,350 to 7,066 square feet of living area. The dwellings are 5 to 31 years

old and have partial or full basements. The comparables each have central air conditioning, one to four fireplaces and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$114,446 to \$182,920 or from \$18.02 to \$25.89 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$196,337. The subject property has an improvement assessment of \$174,261 or \$27.08 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-09 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 5,205 to 5,948 square feet of living area. The homes are 86 to 106 years old and have full basements, three with finished area. Each comparable has central air conditioning and a 2-car to 4-car garage. Three comparables each have two or five fireplaces. The comparables have improvement assessments ranging from \$117,440 to \$133,482 or from \$21.08 to \$24.40 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparables for the Board's consideration that have the same neighborhood and property classification codes as the subject. The Board gives less weight to appellant's comparable #1 and the board of review comparables which are less similar to the subject in age and/or dwelling size.

The Board finds the best evidence of equity to be appellant's comparables #2 , #3 and #4 which overall are more similar to the subject in age and dwelling size. However, upward adjustments would have to be considered to these comparables for lack of finished basement area and smaller garage capacity when compared to the subject. In addition, one comparable is 15 years older than the subject. These comparables have improvement assessments ranging from \$168,755 to \$182,920 or from \$24.36 to \$25.89 per square foot of living area. The subject's improvement assessment of \$174,261 or \$27.08 per square foot of living area falls within the range established by the best comparables in this record on an overall basis but higher on a per square foot basis which is logical due to subject's superior features. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
