

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nancy Hijjawi  
DOCKET NO.: 23-20287.001-R-1  
PARCEL NO.: 15-01-323-015-0000

The parties of record before the Property Tax Appeal Board are Nancy Hijjawi, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,598  
**IMPR.:** \$70,950  
**TOTAL:** \$81,548

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,867 square feet of living area. The dwelling is approximately 62 years old. Features of the home include a crawl space foundation, central air conditioning and a 2-car garage. The property has a 8,832 square foot site and is located in River Forest, River Forest Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-78 properties improved with 2-story or more dwellings of masonry or frame and masonry exterior construction ranging in size from 2,856 to 3,319 square feet of living area. The dwellings are 50 to 60 years

old and have partial or full basements. The comparables each have central air conditioning and a 2-car or a 2.5-car garage. Three comparables each have one fireplace. The comparables have improvement assessments of \$74,960 and \$81,242 or from \$22.74 to \$26.25 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$84,968. The subject property has an improvement assessment of \$74,370 or \$25.94 per square foot of living area.

The board of review did not submit any equity evidence to support the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains four suggested comparables that were submitted by the appellant for the Board's consideration. The Board gives less weight to appellant's comparables #1 and #4 due to differences in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #3 which are more similar in location and dwelling size. The Board finds each comparable has a basement and a fireplace which are features the subject lacks, suggesting downward adjustments are necessary to make them more equivalent to the subject. These comparables have improvement assessments of \$74,960 or \$24.83 and \$26.25 per square foot of living area. The subject's improvement assessment of \$74,370 or \$25.94 per square foot of living area falls slightly below on an overall basis and bracketed on a per square foot basis. However, after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's assessment is excessive and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
