

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Perch  
DOCKET NO.: 23-20348.001-R-1  
PARCEL NO.: 16-07-114-012-0000

The parties of record before the Property Tax Appeal Board are John Perch, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,500  
**IMPR.:** \$49,500  
**TOTAL:** \$53,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 1,983 square feet of living area. The dwelling is approximately 134 years old. The home features a concrete slab foundation, a fireplace and a 1-car garage. The property has a 2,500 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that are located from .2 to .8 of a mile from the subject property. The comparables are class 2-05 properties that are improved with two-story dwellings of frame exterior construction ranging in size from 1,880 to 2,173 square feet of living area. The dwellings are from 125 to 150 years old. One comparable has a concrete slab foundation and three

comparables each have a full basement. One comparable has a fireplace and three comparables each have either a 1-car or a 1½-car garage. The comparables have improvement assessments that range from \$43,250 to \$47,925 or from \$21.00 to \$23.03 per square foot of living area.

Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$43,804 or \$22.09 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,000. The subject property has an improvement assessment of \$49,500 or \$24.96 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code as the subject and are located approximately ¼ of a mile from the subject property. The comparables are class 2-05 properties that are improved with two-story dwellings of frame or stucco exterior construction ranging in size from 1,924 to 2,071 square feet of living area. The dwellings are from 121 to 152 years old. The comparables each have a full basement, one of which has finished area. One comparable has central air conditioning, three comparables each have a fireplace and two comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments that range from \$51,851 to \$54,322 or from \$25.74 to \$28.23 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board finds all the comparables are relatively similar to the subject in location, dwelling size and design. However, seven of the eight comparables have a basement foundation, one comparable has central air conditioning and three comparables have larger garage sizes, when compared to the subject, suggesting downward adjustments would be required to make the comparables more equivalent to the subject. Conversely, three comparables each lack a garage and four comparable each lack a fireplace, both features of the subject, suggesting upward adjustments for these differences. Additionally, the comparables have varying degrees of similarity when compared to the subject in age, necessitating additional adjustments. Nevertheless, these eight comparables have improvement assessments that range from \$43,250 to \$54,322 or from \$21.00 to \$28.23 per square foot of living area. The subject's improvement assessment of \$49,500 or \$24.96 per square foot of living area falls within the range established by the comparables in the record.

Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
