

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Gigerich
DOCKET NO.: 23-20359.001-R-1
PARCEL NO.: 01-05-200-011-0000

The parties of record before the Property Tax Appeal Board are John Gigerich, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,483
IMPR.: \$66,712
TOTAL: \$92,195

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwellings of frame exterior construction with 4,698 square feet of living area. The dwelling is approximately 85 years old and features a concrete slab foundation, central air conditioning, three fireplaces and a 3-car garage. The property has an approximately 254,826 square foot site and is located in Barrington Hills, Barrington Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code and from 1.0 to 2.5 miles from the subject property. The comparables are improved with 1-story class 2-04 dwellings of frame or frame and masonry exterior construction ranging in size from 4,309 to 5,973 square feet of

living area. The homes range in age from 55 to 78 years old. Each comparable has a basement, central air conditioning, one or two fireplaces and from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$63,220 to \$80,220 or from \$13.43 to \$15.53 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$66,712 or \$14.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$108,540. The subject property has an improvement assessment of \$83,057 or \$17.68 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story class 2-04 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 1,893 to 2,605 square feet of living area. The homes range in age from 62 to 69 years old. Each comparable has a basement with finished area, one or two fireplaces and a 2.5-car or a 3-car garage. Two dwellings have central air conditioning. The comparables have improvement assessments ranging from \$34,055 to \$51,461 or from \$17.99 to \$19.91 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1 and #3 along with each of the board of review's comparables which differ substantially from the subject in dwelling size. The Board finds the best evidence of assessment equity to be appellant comparables #2 and #4 which are more similar to the subject in design and dwelling size. Although, these best comparables present varying degrees of similarity to the subject in location, foundation type and other features suggesting adjustments are needed to make these properties more equivalent to the subject. These two comparables have improvement assessments of \$63,220 and \$66,904 or \$13.82 and \$15.53 per square foot of living area. The subject's improvement assessment of \$83,057 or \$17.68 per square foot of living area falls above the two best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
