

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eva McKee
DOCKET NO.: 23-20364.001-R-1
PARCEL NO.: 01-15-101-010-0000

The parties of record before the Property Tax Appeal Board are Eva McKee, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,009
IMPR.: \$74,990
TOTAL: \$102,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 4,939 square feet of living area. The dwelling is approximately 18 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 4-car garage. The property has an approximately 280,091 square foot site and is located in Barrington Hills, Barrington Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code and 5.0 miles from the subject property. The comparables are improved with two or more story class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,206 to 4,594 square

feet of living area. The homes are either 23 or 24 years old. Each comparable has a basement, central air conditioning, two or three fireplaces and a 3-car or a 4-car garage. The comparables have improvement assessments ranging from \$53,129 to \$61,368 or from \$11.82 to \$13.58 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$61,886 or \$12.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$102,999. The subject property has an improvement assessment of \$74,990 or \$15.18 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code, ¼ of a mile or the same subarea as the subject property. The comparables are improved with 1-story, 1½-story or 2-story class 2-04 or 2-09 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,857 to 5,021 square feet of living area. The homes range in age from 16 to 63 years old. Each comparable has a basement, with one having finished area. Each dwelling has central air conditioning, one to three fireplaces and from a 2-car to a 4-car garage. The comparables have improvement assessments ranging from \$30,548 to \$89,864 or from \$16.45 to \$17.90 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board finds the appellant's comparables are all located five miles from the subject while three of the board of review's comparables differ from the subject in age and design. Nevertheless, the Board gives less weight to board of review comparables #1, #3 and #4 which differ from the subject in age and/or design.

The Board finds the best evidence of assessment equity to be the appellant's comparables along with board of review comparable #2 which are more similar to the subject in age, design and some features. However, these best comparables present varying degrees of similarity to the subject in dwelling size, basement amenity and garage capacity, suggesting adjustments are needed to make these properties more equivalent to the subject. These comparables have improvement assessments ranging from \$53,129 to \$89,864 or from \$11.82 to \$17.90 per square foot of living area. The subject's improvement assessment of \$74,990 or \$15.18 per square foot of living area falls within the range established by the best comparables in this record. Furthermore, board of review comparable #2 is most similar to the subject in age, design, dwelling size and most features. This property has an improvement assessment of \$89,864 or \$17.90 per square foot of living area, which provides additional support for the subject's

improvement assessment. Therefore, after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
