

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Reishman
DOCKET NO.: 23-20442.001-R-1
PARCEL NO.: 16-06-404-016-0000

The parties of record before the Property Tax Appeal Board are John Reishman, the appellant, by attorney Dora Cornelio of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,099
IMPR.: \$54,796
TOTAL: \$66,895

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,128 square feet of living area. The dwelling is approximately 101 years old.¹ Features of the home include a basement, central air conditioning, a fireplace and a two-car garage. The property has a 9,307 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-05 properties that are

improved with two-story dwellings of frame or stucco exterior construction ranging in size from 1,952 to 2,180 square feet of living area. The dwellings are from 105 to 153 years old. Each comparable has a basement, one comparable has central air conditioning, two comparables each have a fireplace and four comparables each have either a one-car or a two-car garage. The comparables have improvement assessments that range from \$22,910 to \$45,885 or from \$11.74 to \$21.19 per square feet of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$42,772 or \$20.10 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,895. The subject property has an improvement assessment of \$54,796 or \$25.75 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located approximately ¼ of a mile from the subject property. The comparables are class 2-05 properties that are improved with two-story dwellings of masonry or stucco exterior construction ranging in size from 1,722 to 2,160 square feet of living area. The dwellings are from 106 to 110 years old. Each comparable has a basement, a fireplace and a two-car garage. Three comparables have central air conditioning. The comparables have improvement assessments that range from \$44,359 to \$57,940 or from \$25.76 to \$27.83 per square foot of living area. The board of review contended that the building assessed values of the comparables are the same or higher than the subject, which supports the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine equity comparables submitted by the parties for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2, #4 and #5, due to differences from the subject in age and/or the dwellings lack central air conditioning and/or a garage, which are features of the subject. The Board has given reduced weight to board of review comparables #3 and #4 which differ from the subject in dwelling size and/or they lack central air conditioning.

The Board finds the best evidence of assessment equity to be appellant's comparable #3, along with board of review comparables #1 and #2. The Board finds these three comparables are overall more similar to the subject in location, dwelling size, design, age and some features. These comparables have improvement assessments that range from \$40,405 to \$57,940 or from \$20.10 to \$27.83 per square foot of living area. The subject's improvement assessment of

\$54,796 or \$25.75 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
