

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Tikkanen
DOCKET NO.: 23-20453.001-R-1
PARCEL NO.: 16-07-114-017-0000

The parties of record before the Property Tax Appeal Board are Jeffrey Tikkanen, the appellant, by attorney Dora Cornelio of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,745
IMPR.: \$69,940
TOTAL: \$87,685

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco exterior construction with 2,728 square feet of living area. The dwelling is approximately 120 years old. Features of the home include a full basement,¹ central air conditioning, three fireplaces and a 4-car garage. The property has a 12,675 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-06 properties that are

¹ The parties differ as to the basement finish of the subject dwelling. The appellant reported the subject's basement is finished with a recreation room, while the board of review reported the subject has an unfinished basement.

improved with two-story dwellings of frame, masonry or stucco exterior construction ranging in size from 2,697 to 2,946 square feet of living area. The dwellings are from 85 to 112 years old. The comparables each have a full basement, four of which have finished area. Two comparables have central air conditioning. Four comparables each have one or two fireplaces and either a 1.5-car or a 2-car garage. The comparables have improvement assessment that range from \$54,695 to \$62,170 or from \$20.00 to \$22.50 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$55,323 or \$20.28 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$87,685. The subject property has an improvement assessment of \$69,940 or \$25.64 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the subject's subarea. The comparables are class 2-06 properties that are improved with two-story dwellings of masonry or stucco exterior construction ranging in size from 2,248 to 2,608 square feet of living area. The dwellings are from 102 to 112 years old. The comparables each have a full basement, one of which has finished area. Two comparables have central air conditioning. Each comparable has one or two fireplaces and three comparables each have either a 2-car or a 3-car garage. The comparables have improvement assessments that range from \$57,616 to \$73,960 or from \$25.63 to \$28.73 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2, #4 and #5, as well as board of review comparables #2, #3 and #4 due to their lack of central air conditioning or a garage, both features of the subject. The Board has also given less weight to board of review comparable #3 due to its smaller dwelling size, when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and board of review comparable #1, which have central air conditioning and a garage, like the subject and are similar to the subject in location, dwelling size and design. The comparables have improvement assessments of \$54,695 and \$71,756 or \$20.28 and \$28.73 per square foot of living area, respectively. The subject's improvement assessment of \$69,940 or \$25.64 per square foot of living area is bracketed by the two best comparables in the record. Based on this record

and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
