

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Ronan  
DOCKET NO.: 23-20455.001-R-1  
PARCEL NO.: 12-02-212-020-0000

The parties of record before the Property Tax Appeal Board are John Ronan, the appellant, by attorney Kevin P. Burke, of Smith Hemmesch Burke & Kaczynski, in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,310  
**IMPR.:** \$71,980  
**TOTAL:** \$81,290

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,983 square feet of living area. The dwelling is approximately 1 year old. Features of the home include a full basement with a recreation room, 3 full bathrooms, and a two-car garage. The property has a 6,650 square foot site and is located in Park Ridge, Norwood Park Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject and 1.2 to 1.5-miles from the subject. The comparables consist of class 2-78 two-story dwellings of masonry or frame and masonry exterior construction which range in age from 33 to 39 years old. The dwellings range

in size from 3,010 to 3,197 square feet of living area. Each comparable has a full basement with a recreation room, central air conditioning, a fireplace, and a two-car garage. The comparables have improvement assessments ranging from \$45,282 to \$49,365 or from \$15.04 to \$15.44 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$45,521 or \$15.26 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$81,290. The subject property has an improvement assessment of \$71,980 or \$24.13 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject, three of which are in the subarea or ¼ of a mile from the subject. The comparables consist of class 2-78 two-story dwellings of frame, masonry or frame and masonry exterior construction which are 1 to 15 years old. The dwellings range in size from 2,670 to 3,188 square feet of living area. The comparables have full basements, two of which have finished area, central air conditioning, three homes have one or two fireplaces, and each comparable has either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$75,690 to \$91,828 or from \$24.15 to \$31.18 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant criticized the board of review for merely providing three comparable sales and also for providing purportedly insufficient evidence in accordance with Board procedural rule Section 1910.63(c) (86 Ill.Admin.Code §1910.63(c)). The appellant also noted that the board of review failed to provide a copy of the property record card or characteristics sheet of the subject. (Citing 86 Ill.Admin.Code §1910.40(a)).

The appellant also submitted a single-spaced 4 2/3-page listing of nearly 215 class 2-78 properties in the subject's neighborhood code, the subject property has a higher per-square-foot improvement assessment than 201 of the properties.

### **Conclusion of Law**

The Board has given no weight to the appellant's rebuttal argument criticizing the board of review for not providing supporting evidence as to three comparable sales in support of the subject's estimated market value. The Board finds the sole basis for appeal by the appellant was "assessment equity." In accordance with Section 16-180 of the Property Tax Code, "Each appeal shall be limited to the grounds listed in the petition filed with the Property Tax Appeal Board." (35 ILCS 200/16-180). In light of the appellant's assessment inequity argument, the board of review properly provided responsive equity data in its pleadings.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject

property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight suggested equity comparables to support their respective positions before the Property Tax Appeal Board which are each similar to the subject in classification, story height and dwelling size. Nevertheless, the Board has given reduced weight to appellant's comparables which are each older than the subject dwelling and more distant from the subject property as compared to the board of review comparables which are more similar to the subject both in age and location.

The Board finds the best evidence of assessment equity in the record consists of the board of review comparables, which present various degrees of similarity to the subject in dwelling size. In addition, adjustments to the comparables are necessary for differences in age, lack of finished basement amenity, fireplace amenity, and/or garage capacity when compared to the subject. Each of these comparables are relatively similar to the subject in location being within  $\frac{1}{4}$  of a mile. The best comparables have improvement assessments ranging from \$75,690 to \$91,828 or from \$24.15 to \$31.18 per square foot of living area. The subject's improvement assessment of \$71,980 or \$24.13 per square foot of living area is below the range of the best comparables both in terms of overall improvement assessment and on a per-square-foot of living area basis.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the taxation burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence.

Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

**IMPORTANT NOTICE**

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
