

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Lipowsky
DOCKET NO.: 23-20457.001-R-1
PARCEL NO.: 01-06-300-023-0000

The parties of record before the Property Tax Appeal Board are David Lipowsky, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,760
IMPR.: \$50,239
TOTAL: \$73,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 4,011 square feet of living area. The dwelling is approximately 28 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 2-car garage. The property has an approximately 237,607 square foot site and is located in Barrington Hills, Barrington Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code and from 0.10 of a mile to 3.0 miles from the subject property. The comparables are improved with 1-story class 2-04 dwellings of frame or masonry exterior construction ranging in size from 3,489 to 4,464 square

feet of living area. The homes range in age from 49 to 93 years old. Each comparable has a basement, central air conditioning, one or two fireplaces and from a 2-car to a 5-car garage. The comparables have improvement assessments ranging from \$26,500 to \$46,220 or from \$7.60 to \$11.27 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$38,385 or \$9.57 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,999. The subject property has an improvement assessment of \$50,238 or \$12.53 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located in the same assessment neighborhood code and same block as the subject property. The comparables are improved with 1-story class 2-04 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 3,883 to 4,502 square feet of living area. The homes are either 47 or 54 years old. Each comparable has a basement, two of which have finished area. Each dwelling has central air conditioning, one or three fireplaces and from a 2-car to a 3.5-car garage. The appellant reported "n/a" for the basement finish of the comparables. The comparables have improvement assessments ranging from \$52,809 to \$57,368 or from \$12.74 and \$13.60 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board finds both parties submitted comparables which are substantially older in age when compared to the subject. Nevertheless, the Board gives less weight to appellant comparables #1 and #3 which are least similar to the subject in age, being 57 and 65 years older than the subject property, respectively. Furthermore, appellant comparable #1, based on its improvement assessment and per square foot improvement assessment, appears to be an outlier while appellant comparable #3 is located 3.0 miles from the subject property.

The Board finds the best evidence of assessment equity to be appellant comparables #2 and #4 along with the board of review comparables which are more similar to the subject in location and design. However, these properties present varying degrees of similarity to the subject in age, dwelling size, finished basement area and other features suggesting adjustments are needed to make these properties more equivalent to the subject. These best comparables have improvement assessments ranging from \$42,424 to \$57,368 or from \$9.50 to \$13.60 per square foot of living area, respectively. The subject's improvement assessment of \$50,239 or \$12.53 per square foot of living area falls within the range established by the best comparables in this

record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
