

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Pasin
DOCKET NO.: 23-20559.001-R-1
PARCEL NO.: 16-06-421-009-0000

The parties of record before the Property Tax Appeal Board are Robert Pasin, the appellant, by attorney Dora Cornelio of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,360
IMPR.: \$145,002
TOTAL: \$169,362

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco exterior construction with 5,814 square feet of living area. The dwelling is approximately 111 years old. Features of the home include a full basement with finished area, central air conditioning, four full bathrooms, two half bathrooms and a fireplace. The property has a 17,400 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject property. The comparables are class 2-09 properties that are improved with two-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 5,365 to 6,381 square feet of living area. The

dwelling are from 106 to 134 years old. The comparables each have a basement, four of which have finished area. Each comparable has from three to five full bathrooms and from one to five fireplaces. Three comparables each have one or two additional half bathrooms, four comparables have central air conditioning and four comparables each have either a 2-car, a 3-car or a 4-car garage. The comparables have improvement assessments that range from \$91,104 to \$117,440 or from \$14.50 to \$18.61 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$120,757 or \$20.77 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$169,362. The subject property has an improvement assessment of \$145,002 or \$24.94 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables, one of which has the same assessment neighborhood code as the subject and two comparables are located within the subject's subarea.¹ The comparables are class 2-09 properties that are improved with two-story dwellings of frame, masonry or stucco exterior construction ranging in size from 5,183 to 5,976 square feet of living area. The dwellings are from 103 to 130 years old. Each comparable has an unfinished basement, central air conditioning, three or four full bathrooms, one or two half bathrooms, from one to three fireplaces and either a 1.5-car, a 2-car or a 3-car garage. The comparables have improvement assessments that range from \$115,525 to \$167,933 or from \$22.28 to \$28.10 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2, #4 and #5, as well as board of review comparables #1 and #3 due to differences from the subject in dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and board of review comparable #2, which are located in close proximity to the subject and are overall more similar to the subject in dwelling size, design and age. However, these two comparables have varying degrees of similarity when compared to the subject in basement finish,

¹ The board of review's comparables #2 and #3 have property index numbers (PINs) that begin with 16-06, like the subject, indicating these two parcels are located in close proximity to the subject.

bathroom count, fireplace count and garage amenity, suggesting adjustments would be required to make them more equivalent to the subject. Nevertheless, the comparables have improvement assessments of \$106,300 and \$167,933 or \$17.29 and \$28.10 per square foot of living area, respectively. The subject's improvement assessment of \$145,002 or \$24.94 per square foot of living area is bracketed by the two best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
