

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Juergen Liebermann
DOCKET NO.: 23-20637.001-R-1
PARCEL NO.: 16-06-320-015-0000

The parties of record before the Property Tax Appeal Board are Juergen Liebermann, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,544
IMPR.: \$44,215
TOTAL: \$55,759

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,484 square feet of living area. The dwelling is approximately 119 years old. Features of the home include a basement with finished area,¹ central air conditioning, a fireplace and a 2-car garage. The property has an approximately 8,880 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The

¹ The Board finds the best description of the subject's basement was found in Section III of the appellant's appeal petition and grid analysis which depicts a partially finished basement.

comparables are improved with 2-story class 2-06 dwellings of stucco, masonry or frame exterior construction ranging in size from 2,406 to 2,709 square feet of living area. The homes range in age from 68 to 118 years old. Each comparable has a basement with finished area and a 2-car or a 2½-car garage. Four comparables have a fireplace and three comparables have central air conditioning. The comparables have improvement assessments ranging from \$38,828 to \$51,535 or from \$14.33 to \$19.51 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$44,215 or \$17.80 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$75,000. The subject property has an improvement assessment of \$63,456 or \$25.55 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-06 dwellings of frame exterior construction ranging in size from 2,300 to 2,818 square feet of living area. The homes range in age from 111 to 142 years old. Each comparable has a basement, with two having finished area. Three comparables have central air conditioning and a three comparables have either a 2-car or a 2½-car garage. Two comparables have one or two fireplaces. The comparables have improvement assessments ranging from \$59,967 to \$75,380 or from \$26.06 to \$27.66 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #5 and the board of review's comparables #1, #2 and #3 which are less similar to the subject in age, dwelling size and/or lack central air conditioning unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 along with the board of review's comparable #4 which are more similar to the subject in location, age, dwelling size, central air conditioning and features. However, these properties present varying degrees of similarity to the subject in bathroom count and dwelling size suggesting adjustments are needed to make these comparables more equivalent to the subject. These comparables have improvement assessments ranging from \$42,827 to \$60,537 or from \$17.80 to \$26.06 per square foot of living area. The subject's improvement assessment of \$63,456 or \$25.55 per square foot of living area falls above the range on an overall improvement assessment basis and within the range on a per square foot basis. After considering adjustments

to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
