

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ben-zion Rand  
DOCKET NO.: 23-21032.001-R-1  
PARCEL NO.: 10-36-204-047-0000

The parties of record before the Property Tax Appeal Board are Ben-zion Rand, the appellant by attorney Anthony DeFrenza, of the Law Office of DeFrenza & Mosconi PC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,940  
**IMPR.:** \$34,078  
**TOTAL:** \$43,018

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,083 square feet of living area. The dwelling is approximately 68 years old. Features of the home include a full basement, two full baths and a fireplace. The property has a 4,470 square foot site and is located in Chicago, Rogers Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables with the same assessment neighborhood code as the subject and located within .22 of a mile from the subject. The comparables are class 2-05 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 1,766 to 2,194 square feet of living area. The dwellings are 67 to 83 years old and have full basements. The comparables each

have one or two full baths and one or two fireplaces. Five comparables each have an additional half bath and two comparables each have a 400 square foot garage. The comparables have improvement assessments ranging from \$17,925 to \$30,401 or from \$8.17 to \$16.25 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,018. The subject property has an improvement assessment of \$34,078 or \$16.36 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code and located on the same block as the subject. The comparables are class 2-05 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 1,686 to 1,874 square feet of living area. The homes are 72 and 73 years old and have full basements. One comparable has central air conditioning. Each comparable has one or two full baths and one fireplace. Three comparables each have one additional half bath and three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$27,667 to \$31,277 or from \$16.40 to \$17.07 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2, #3 and #4 as well as board of review comparables #1 #2 and #3 due to differences from the subject in age, garage amenity, central air conditioning and/or dwelling size.

The Board finds the best evidence of equity to be appellant's comparables #5 and #6 along with board of review comparable #4 which overall are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$24,064 to \$31,277 or from \$13.02 to \$16.69 per square foot of living area. The subject's improvement assessment of \$34,078 or \$16.36 per square foot of living area falls within the range established by the best comparables in this record on a per square foot basis but higher on an overall basis which is logical due to subject's larger dwelling size. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
