

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Roger Properties LLC
DOCKET NO.: 23-21157.001-R-1
PARCEL NO.: 10-36-325-017-0000

The parties of record before the Property Tax Appeal Board are Roger Properties LLC, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,124
IMPR.: \$37,876
TOTAL: \$46,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story multi-family building of masonry exterior construction with 4,593 square feet of building area. The building is approximately 98 years old. Features of the property include a 2-car garage. The property has a 4,062 square foot site and is located in Chicago, Rogers Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables located .3 of a mile or 1.1 miles from the subject. Comparable #1 has the same assessment neighborhood code as the subject. The comparables are class 2-11 properties improved with 2-story multi-family buildings of masonry exterior construction ranging in size from 4,202 to 4,494 square feet of building area. The buildings are 98 or 99 years old and have full basements. The

comparables have 2-car garages. The comparables have improvement assessments that range from \$29,750 to \$32,250 or from \$6.83 to \$7.20 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,000. The subject property has an improvement assessment of \$37,876 or \$8.25 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property and are located on the same block as the subject or ¼ of a mile from the subject. The comparables are class 2-11 properties improved with 3-story multi-family buildings of masonry exterior construction ranging in size from 3,558 to 5,136 square feet of building area. The buildings are 94 or 95 years old and have full basements. Comparable #1 has central air conditioning and each comparable has a 2-car or a 3-car garage. The comparables have improvement assessments that range from \$29,460 to \$51,876 or from \$8.28 to \$10.82 per square foot of building area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #2 and #3 which are located over a mile from the subject. The Board gives less weight to board of review comparables #1 and #4 due to differences in building size when compared to the subject.

The Board finds the best evidence of equity to be appellant's comparable #1 and board of review comparables #2 and #3 which overall are more similar to the subject in location, age, building size and features. These comparables have improvement assessments ranging from \$29,750 to \$51,876 or from \$6.83 to \$10.10 per square foot of building area. The subject's improvement assessment of \$37,876 or \$8.25 per square foot of building area is within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
