

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Friedman
DOCKET NO.: 23-21159.001-R-1
PARCEL NO.: 10-36-326-015-0000

The parties of record before the Property Tax Appeal Board are Robert Friedman, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,250
IMPR.: \$36,549
TOTAL: \$44,799

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story multi-family building of masonry exterior construction with 4,529 square feet of building area. The building is approximately 98 years old. Features of the property include a full basement and a 2.5-car garage. The property has a 4,125 square foot site and is located in Chicago, Rogers Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables with the same assessment neighborhood code and located within .4 of a mile from the subject. The comparables are class 2-11 properties improved with 3-story multi-family buildings of masonry exterior construction ranging in size from 4,962 to 5,310 square feet of building area.

The buildings are 91 to 96 years old and have full basements. The comparables each have a 3-car or a 3.5-car garage. The comparables have improvement assessments that range from \$38,852 to \$41,153 or from \$7.51 to \$7.83 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,799. The subject property has an improvement assessment of \$36,549 or \$8.07 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property and are located on the same block as the subject or a ¼ of a mile from the subject. The comparables are class 2-11 properties improved with 3-story multi-family buildings of masonry exterior construction ranging in size from 3,667 to 4,863 square feet of building area. The buildings are 93 to 97 years old and have full basements. Three comparables each have a 2-car, a 2.5-car or a 3-car garage. The comparables have improvement assessments that range from \$34,898 to \$41,390 or from \$7.85 to \$10.82 per square foot of building area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1 and #2 as well as board of review comparables #2 and #4 due to differences in building size when compared to the subject.

The Board finds the best evidence of equity to be the appellant's comparable #3 and board of review comparables #1 and #3 which overall are more similar to the subject in location, age, building size and features. These comparables have improvement assessments ranging from \$37,750 to \$38,852 or from \$7.83 to \$8.82 per square foot of building area. The subject's improvement assessment of \$36,549 or \$8.07 per square foot of building area is within the range established by the best comparables in this record on a per square foot basis and below the range on an overall basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
