

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth Rosenberg
DOCKET NO.: 23-21178.001-R-1
PARCEL NO.: 10-25-406-035-0000

The parties of record before the Property Tax Appeal Board are Kenneth Rosenberg, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,250
IMPR.: \$31,861
TOTAL: \$40,111

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,938 square feet of living area. The dwelling is approximately 72 years old. Features of the home include a full basement, central air conditioning and a fireplace. The property has a 4,125 square foot site and is located in Chicago, Rogers Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject and located within .8 of a mile from the subject. The comparables are class 2-05 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 1,744 to 2,083 square feet of

living area. The dwellings are 69 to 75 years old and have full basements. Two comparables have central air conditioning, one of which has a fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$23,986 to \$27,318 or from \$13.11 to \$13.89 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,111. The subject property has an improvement assessment of \$31,861 or \$16.44 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code and located on the same block, one of which is on the same street as the subject. The comparables are class 2-05 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 1,717 to 1,789 square feet of living area. The homes are 67 to 72 years old and have full basements, two of which have finished area. The comparables have improvement assessments ranging from \$29,770 to \$35,560 or from \$16.80 to \$19.88 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested comparables for the Board's consideration. The Board gives less weight to appellant's comparable #1 and board of review comparables #1 and #4 as each has a garage unlike the subject. The Board gives less weight to appellant's comparable #3 which does not have central air conditioning, a feature of the subject.

The Board finds the best evidence of equity to be appellant's comparable #2 and board of review comparables #2 and #3 which overall are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$23,986 to \$35,560 or from \$13.75 to \$19.88 per square foot of living area. The subject's improvement assessment of \$31,861 or \$16.44 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
