

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: MAZAM PROP LLC-1518 MCKOOL STREAMWOOD
DOCKET NO.: 23-21187.001-R-1
PARCEL NO.: 06-25-312-060-0000

The parties of record before the Property Tax Appeal Board (PTAB) are MAZAM PROP LLC-1518 MCKOOL STREAMWOOD, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, PTAB hereby finds **No Change** in the Cook County Board of Review's assessment of the property is warranted. The correct assessed valuation of the property is:

LAND: \$1,500
IMPR.: \$13,499
TOTAL: \$14,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a Cook County Board of Review decision pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1,320 square feet, two-story frame building situated on a 1,116 square feet parcel in Streamwood, Hanover Township, Cook County. The 51-year-old, class 2-95 residence per the Cook County Real Property Assessment Classification Ordinance featured 1.5 bathrooms, air conditioning, no garage, and a slab foundation.

The appellant pleads assessment inequity as the basis of the appeal, arguing that the subject improvement assessment should be reduced to \$9.50 per living square foot. To show subject assessment nonuniformity, the appellant presented information on three class 2-95 properties within a half mile of the subject property. These suggested comparables each included 1.5 bathrooms, no garage, air conditioning, and a slab foundation. The appellant's 48- or 51-year-old improvements had 1,000 or 1,320 square feet in area and \$8.80 or \$9.85 per living square foot in assessment.

The board of review countered that the subject improvement assessment of \$13,500, or \$10.23 per living square foot, was equitable in its “Notes on Appeal.” In defense of the \$14,999 total subject assessment, the county board of review introduced into evidence four frame improvements on the subject’s block as assessment comparables. The county board of review’s preferred comparators contained 1.5 bathrooms, air conditioning, no garage, and a slab foundation. These 50-year-old improvements were 1,160 or 1,320 square feet in size and \$10.23 or \$10.78 per living square foot in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. The Illinois Constitution requires real estate taxes “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). Yet this uniformity provision of the Illinois Constitution does not mandate absolute equality in taxation; instead, a reasonable degree of uniformity in the taxing authority’s assessments suffices. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment is the basis of a property tax appeal, appellants must prove assessment inequity by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof required for a criminal conviction. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should comprise documentation for the year in question of similarly situated properties of compelling proximity to, and with a lack of distinguishing characteristics from, the assessment subject. 86 Ill.Admin.Code §1910.65(b). The Property Tax Appeal Board (PTAB) finds the appellant did not overcome this burden of proof.

Because of their identity to the subject improvement, board of review comparables #1 through #3 best represented the subject and circumscribe the range of equitable subject assessments in this record. Each of these three comparators were indistinguishable from the subject in living and garage space, air conditioning inclusion, and bathroom count. While the appellant also submitted properties into evidence with similar living square footage to the subject, none were on the same block as the subject. Therefore, given this evidence, PTAB concludes the subject improvement would be equitably assessed at \$10.23 per living square foot. Because the subject’s \$10.23 per improvement square foot assessment is on par with those of its identical neighbors, PTAB finds the appellant did not prove assessment inequity by clear and convincing evidence or that a subject assessment reduction is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
