

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: CA Homes & Properties LLC  
DOCKET NO.: 23-21192.001-R-1  
PARCEL NO.: 25-29-325-045-0000

The parties of record before the Property Tax Appeal Board are CA Homes & Properties LLC, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,925  
**IMPR.:** \$6,075  
**TOTAL:** \$9,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of masonry exterior construction with 882 square feet of living area. The dwelling is approximately 71 years old. Features of the property include a full basement and a 1-car garage. The property has a 4,875 square foot site and is located in Calumet Park, Calumet Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject and located within .20 of a mile from the subject. The comparables are class 2-02 properties improved with 1-story dwellings of masonry exterior construction ranging in size from 870 to 882 square feet of living area. The dwellings are 70 or 71 years old and have either slab or crawl space foundations.

Comparable #2 has central air conditioning. The comparables each have a 1.5-car garage. The comparables have improvement assessments of \$5,575 or \$5,688 or from \$6.37 to \$6.45 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,000. The subject property has an improvement assessment of \$6,075 or \$6.89 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code and located on the same block, two of which are on the same street as the subject or a ¼ of a mile from the subject. The comparables are class 2-02 properties improved with 1-story dwellings of masonry or frame and masonry exterior construction with 875 or 900 square feet of living area. The homes are 71 years old and crawl space or slab foundations. The comparables have improvement assessments ranging from \$6,437 to \$7,075 or from \$7.15 to \$8.09 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2 which has central air conditioning unlike the subject.

The Board finds the best evidence of equity to be the six remaining comparables which overall are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$5,575 to \$7,075 or from \$6.37 to \$8.09 per square foot of living area. The subject's improvement assessment of \$6,075 or \$6.89 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
