

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vesna Zic
DOCKET NO.: 23-21235.001-R-1
PARCEL NO.: 06-26-306-002-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Vesna Zic, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, PTAB hereby finds **No Change** in the Cook County Board of Review's assessment of the property is warranted. The correct assessed valuation of the property is:

LAND: \$2,000
IMPR.: \$12,999
TOTAL: \$14,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a Cook County Board of Review decision pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) contesting the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an 839 square feet, two-story frame-and-masonry building on a 1,098 square feet lot in Streamwood, Hanover Township, Cook County. The 55-year-old, class 2-95 residence under the Cook County Real Property Assessment Classification Ordinance featured 1.5 bathrooms, air conditioning, no garage, and a full basement.

The appellant based the petition on assessment inequity, contending that the assessment should be lowered to \$13.33 per improvement square foot. As evidence of nonuniformity, the appellant nominated three class 2-95 residences within one mile of the subject. These suggested comparables featured no garage, 1.5 bathrooms, air conditioning, and a full basement. These 56-year-old potential comparator improvements were all 900 square feet in size and \$13.33 per living square foot in improvement assessment. The appellant elected to have the petition decided based on the submitted evidence.

The board of review countered that the subject improvement assessment of \$13,000, or \$15.49 per living square foot, was equitable in its “Notes on Appeal.” In defense of the \$14,999 total subject assessment, the county board of review proposed four two-story improvements within a quarter mile of the subject as equity comparables. The board of review’s preferred comparators all featured a full basement, no garage, air conditioning, and 1.5 bathrooms. These properties were 52 or 54 years in building age; 839 square feet in living area; and \$15.49 per living square foot in improvement assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. The Illinois Constitution requires real estate taxes “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). Yet this uniformity provision of the Illinois Constitution does not mandate absolute equality in taxation; instead, a reasonable degree of uniformity in the taxing authority’s assessments suffices. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When the ground for appeal is unequal treatment in the assessment, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof required for a criminal conviction. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment should consist of documentation for the year in question of similarly situated properties of compelling proximity to, and with a lack of distinguishing characteristics from, the subject property. 86 Ill.Admin.Code §1910.65(b). The Property Tax Appeal Board (PTAB) finds the appellant fell short of satisfying this burden of proof.

By virtue of their identity to the subject improvement, board of review comparables #1 through #4 best represented the subject and therefore provide the best evidence of assessment equity in this record. In addition to mirroring the subject’s living square footage, the board of review comparators exactly matched the subject’s bathroom count, air conditioning inclusion, and basement type. While the appellant comparables were also similar—but not identical—to the subject in improvement size, they were all further from the subject than the board of review comparators. Because the subject improvement’s \$15.49 per living square foot assessment is equal to the assessments of practically identical properties, PTAB concludes the evidence overwhelmingly shows the subject improvement was equitably assessed and a reduction in the subject assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
