

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maurice Sullivan  
DOCKET NO.: 23-21469.001-R-1  
PARCEL NO.: 22-21-409-026-0000

The parties of record before the Property Tax Appeal Board are Maurice Sullivan, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,948  
**IMPR.:** \$44,051  
**TOTAL:** \$52,999

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 2,563 square feet of living area.<sup>1</sup> The dwelling is approximately 24 years old. Features of the home include a full basement, central air conditioning, a fireplace, and a 2-car garage. The property has a 13,767 square foot site and is located in Lemont, Lemont Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity

comparables located within the subject's assessment neighborhood. The comparables are composed of class 2-04 1-story or 1.5-story dwellings of frame, masonry, or frame and masonry exterior construction, ranging in size from 2,319 to 2,720 square feet of living area. The homes are approximately 26 to 44 years old. Each property has a full basement, central air conditioning and a 2-car or 3-car garage. Four comparables have a fireplace. The comparables have improvement assessments that range from \$23,000 to \$26,500 or from \$9.41 to \$9.92 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$24,656 or \$9.62 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,999. The subject property has an improvement assessment of \$44,051 or \$17.19 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and on the same block or within one-quarter of a mile from subject. One comparable is located on the same street as subject property. The homes are composed of class 2-04 1-story or 1.5-story dwellings of frame or masonry exterior construction ranging in size from 2,261 to 2,728 square feet of living area. The dwellings are approximately 25 or 26 years old. Each property has a full basement, central air conditioning, and a 2-car or 3-car garage. Three homes feature a fireplace. The comparables have improvement assessments that range from \$40,349 to \$49,659 or \$17.85 to \$18.47 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives reduced weight to appellant's comparables #1, #2, #3 and #5 and the board of review's #1, #2 and #4 which differ from subject's 1.5-story design.

The Board finds the best evidence of assessment equity to be the appellant's comparables #4 and the board of review's comparable #3 which are more similar to the subject in dwelling size, age, basement amenity and design. The comparables have improvement assessments of \$26,500 and \$49,659 or \$9.74 and \$18.20 per square foot of living area. The subject's improvement assessment of \$44,051 or \$17.19 per square foot of living area is bracketed by the two best comparables in the record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
