

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ben Whitehouse
DOCKET NO.: 23-21744.001-R-1
PARCEL NO.: 05-34-207-002-0000

The parties of record before the Property Tax Appeal Board are Ben Whitehouse, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,625
IMPR.: \$68,506
TOTAL: \$89,131

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stucco exterior construction with 2,252 square feet of living area. The home is approximately 109 years old. Features include a full basement, one fireplace, and a 2-car garage. The property has a 7,500 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of stucco, frame, or masonry exterior construction ranging in size from 2,464 to 2,695 square feet of living area. The homes range in age from 101 to 114 years old. Each comparable has a full or partial basement, central

air conditioning, and from a 2-car to a 2.5-car garage. Three comparables each have one or three fireplaces. The comparables have improvement assessments ranging from \$46,765 to \$63,138 or from \$18.98 to \$23.43 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$89,131. The subject property has an improvement assessment of \$68,506 or \$30.42 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of stucco exterior construction ranging in size from 2,212 to 2,654 square feet of living area. The homes range in age from 101 to 114 years old. The comparables each have a full basement, one or two fireplaces, and from a 1-car to a 2.5-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$72,437 to \$91,716 or from \$31.46 to \$41.46 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant comparables as well as board of review comparables #1 and #3 which feature central air conditioning, unlike the subject, and/or are less similar to the subject in dwelling size than other comparables in this record.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #4 which are more similar to the subject in location, design/class, age, dwelling size, and other features. The two best comparables have improvement assessments of \$72,437 and \$91,716 or \$32.18 and \$41.46 per square foot of living area, respectively. The subject's improvement assessment of \$68,506 or \$30.42 per square foot of living area falls below the two best comparables in this record. Based on this record and after considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is/is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
