

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Lissner
DOCKET NO.: 23-21779.001-R-1
PARCEL NO.: 05-32-118-036-0000

The parties of record before the Property Tax Appeal Board are Michael Lissner, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,100
IMPR.: \$51,485
TOTAL: \$67,585

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 2,964 square feet of living area. The home was built in 1968 and is approximately 55 years old. Features include a full basement, central air conditioning, two fireplaces, and a 2-car garage. The property has a 9,200 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood and from 0.6 of a mile to 2.4 miles from the subject property. The comparables are improved with one or more story, class 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,504

to 3,411 square feet of living area. The homes range in age from 53 to 66 years old. Three comparables each have a full or partial basement and one comparable has a slab foundation. Each comparable has central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$40,640 to \$55,308 or from \$16.16 to \$16.69 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$67,585. The subject property has an improvement assessment of \$51,485 or \$17.37 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story or 1.5-story, class 2-04 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 1,950 to 2,425 square feet of living area. The homes range in age from 66 to 82 years old. Three comparables each have a full or partial basement and one comparable has a crawl space foundation. Each comparable has central air conditioning, one fireplace, and from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$36,300 to \$47,551 or from \$18.62 to \$21.95 per square foot of living area. The board of review asserts the assessed values per square foot for the submitted comparables support the subject's assessed value as equitable.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board finds none of the parties' comparables are truly similar to the subject due to significant differences from the subject in location, age, dwelling size, and/or other features. The parties' comparables have improvement assessments ranging from \$16.16 to \$21.95 per square foot of living area. The subject's improvement assessment of \$17.37 per square foot of living area falls within the range established by the comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
