

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zafeer Berki
DOCKET NO.: 23-21810.001-R-1
PARCEL NO.: 22-27-407-001-0000

The parties of record before the Property Tax Appeal Board are Zafeer Berki, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,857
IMPR.: \$74,142
TOTAL: \$86,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 5,521 square feet of living area. The dwelling is approximately 30 years old. Features of the home include a full basement, central air conditioning, four fireplaces, 5 bathrooms and a 3.5-car garage. The property has a 20,572 square foot site and is located in Lemont, Lemont Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the subject's assessment neighborhood, with two located on the same street as subject. The comparables are composed of class 2-09 two-story dwellings of masonry or frame and masonry exterior construction, ranging in size from 5,944 to 8,380 square feet of

living area. The homes are approximately 1 year old. Each property has a partial or full basement, 4 or 5 bathrooms, central air conditioning, and a 3-car or 4-car garage. One property features two fireplaces. The comparables have improvement assessments that range from \$44,205 to \$90,805 or from \$7.44 to \$11.27 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$59,847 or \$10.84 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$86,999. The subject property has an improvement assessment of \$74,142 or \$13.43 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood, one located both within ¼ of a mile from subject and on the same street. The comparables are composed of class 2-09 two-story dwellings of masonry exterior construction ranging in size from 5,118 to 5,938 square feet of living area. The homes are approximately 16 to 29 years old. Each property has a partial or full basement, 3 to 5 full bathrooms with one having an additional half bathroom, central air conditioning, one to five fireplaces, and a 3-car, 3.5-car or 4-car garage. The comparables have improvement assessments that range from \$74,323 to \$103,500 or \$13.68 to \$19.54 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives reduced weight to appellant's comparables #2 and #3 which differ significantly from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the board of review's comparables which are more similar to the subject in dwelling size, age, garage amenity, basement amenity and design. However, the comparables have varying degrees of similarity to the subject in other features, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments that range from \$44,205 to \$103,500 or from \$7.44 to \$19.54 per square foot of living area. The subject's improvement assessment of \$74,142 or \$13.43 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
