

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rakesh Sharma
DOCKET NO.: 23-21814.001-R-1
PARCEL NO.: 05-34-411-001-0000

The parties of record before the Property Tax Appeal Board are Rakesh Sharma, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,750
IMPR.: \$59,521
TOTAL: \$84,271

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of stucco exterior construction with 2,361 square feet of living area. The dwelling was built in 1908 and is approximately 115 years old. Features include a full basement, one fireplace, and a 2-car garage. The property has a 9,000 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the subject's assessment neighborhood and from 0.5 of a mile to 1.1 miles from the subject property. The comparables are improved with 2-story, class 2-06 dwellings of frame or stucco exterior construction ranging in size from 2,222 to 2,700 square feet

of living area. The homes range in age from 104 to 131 years old. Each comparable has a full or partial basement. Two comparables each have one fireplace. Three comparables each have from a 1-car to a 4-car garage. The comparables have improvement assessments ranging from \$51,250 to \$66,500 or from \$21.41 to \$24.63 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$84,271. The subject property has an improvement assessment of \$59,521 or \$25.21 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and on the same block as the subject property. The comparables are improved with 2-story, class 2-06 dwellings of stucco or frame and masonry exterior construction ranging in size from 2,343 to 2,752 square feet of living area. The homes range in age from 108 to 114 years old. Each property has a full or partial basement, one fireplace, and a 1.5-car or a 2-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$61,527 to \$90,250 or from \$25.31 to \$32.79 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #4 which lacks a garage, which is a feature of the subject, is located over 1 mile from the subject, less proximate than the other comparables in this record, and is a substantially larger home than the subject, respectively. The Board also gives less weight to board of review comparable #1 and #4 which differ substantially from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3, as well as board of review comparables #2 and #3, which are overall more similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features. The best comparables have improvement assessments ranging from \$54,195 to \$65,250 or from \$24.39 to \$26.26 per square foot of living area. The subject's improvement assessment of \$59,521 or \$25.21 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
