

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Albert Beaudreau  
DOCKET NO.: 23-21923.001-R-1  
PARCEL NO.: 22-34-112-003-0000

The parties of record before the Property Tax Appeal Board are Albert Beaudreau, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,775  
**IMPR.:** \$58,225  
**TOTAL:** \$67,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of masonry exterior construction with 2,778 square feet of living area. The dwelling is approximately 6 years old. Features of the home include a basement, central air conditioning, and a 3½-car garage. The property has an approximately 13,500 square foot site and is located in Lemont, Lemont Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-04 dwellings of frame and masonry or masonry exterior construction ranging in size from 2,647 to 2,856 square feet of living area. The homes range in

age from 10 to 28 years old. Each comparable has a basement, central air conditioning, a fireplace and from a 2-car to a 3½-car garage. The comparables have improvement assessments ranging from \$42,902 to \$46,442 or from \$16.05 to \$16.26 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$44,975 or \$16.19 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$67,000. The subject property has an improvement assessment of \$58,225 or \$20.96 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code and within a subarea of the subject property. The comparables are improved with 1-story class 2-04 dwellings of masonry exterior construction with 2,501 or 2,554 square feet of living area. The homes range in age from 5 to 7 years old. Each comparable has a basement, central air conditioning, and a 3-car garage. Three comparables have one or two fireplaces. The comparables have improvement assessments ranging from \$48,770 to \$53,814 or from \$19.34 to \$21.52 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #3 and #4 which are less similar to the subject in age.

The Board finds the best evidence of assessment equity to be the appellant's comparable #5 and the board of review's comparables which are more similar to the subject in location, age, design, dwelling size and most features. These comparables have improvement assessments ranging from \$46,442 to \$53,814 or from \$16.26 to \$21.52 per square foot of living area. The subject's improvement assessment of \$58,225 or \$20.96 per square foot of living area falls above the range established by the best comparables in this record on an overall improvement assessment basis and within the range on a per square foot basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
