

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ramzi Hassan
DOCKET NO.: 23-22001.001-R-1
PARCEL NO.: 27-17-406-003-0000

The parties of record before the Property Tax Appeal Board are Ramzi Hassan, the appellant(s), by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,969
IMPR.: \$64,135
TOTAL: \$72,104

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction with 3,852 square feet of living area. The dwelling was constructed in approximately 2011. Features of the home include a full basement, central air conditioning, two fireplaces, four and a half bathrooms and a three-car garage. The property is in Orland Park, Orland Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. Each of the appellant comparables are two-story, constructed of frame and masonry, have central air conditioning and a three-car garage. Three of the comparables feature at least one fireplace and two and a half bathrooms, one has three full bathrooms. They range in size from 3,885 to 4,336 square feet of

living area; and in improved assessment from \$60,174 to \$67,279 or \$15.35 to \$15.78 in square feet of living area. The record is silent as to the distance from the appellant comparables to the subject property. The appellant is seeking a reduction in total assessment to \$67,791.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$72,104. The subject property has an improvement assessment of \$64,136 or \$16.65 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The board of review comparables are all two-story constructed of frame and masonry or masonry material. They each have full basements, central air conditioning, at least one fireplace and three car garages. Three comparables have four full bathrooms, one has three and a half. The board comparables range in size from 3,900 to 4,190 square feet of living area; and in improved assessment from \$65,008 to \$72,666 or \$16.67 to \$17.34 per square feet of living area. Geographically, two of the board comparables are on the same block as the subject property, the other two are within a quarter mile. The board is asking for no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *board of review comparables one through three*. These comparables are reasonably similar to the subject by virtue of their size, features and location. The subject's improvement assessment of \$16.65 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
