

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patricia Maloney
DOCKET NO.: 23-22014.001-R-1
PARCEL NO.: 05-35-118-002-0000

The parties of record before the Property Tax Appeal Board are Patricia Maloney, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,800
IMPR.: \$53,708
TOTAL: \$84,508

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stucco exterior construction with 2,170 square feet of living area. The dwelling is approximately 114 years old. Features of the home include a full basement, a fireplace, and a 2-car garage. The property has an 11,200 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same assessment neighborhood code as the subject property. The comparables consist of class 2-05, 2-story dwellings of frame, masonry, stucco or frame and masonry exterior construction ranging in size from 1,816 to 2,081 square feet of living area. The homes are 95 to 106 years old. Each comparable has a full or a partial basement, 1 fireplace and a 2-car or a

2.5-car garage. Two comparables have central air conditioning. The comparables have improvement assessments ranging from \$44,200 to \$54,023 or from \$22.55 to \$25.96 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$53,708 or \$24.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$91,213. The subject property has an improvement assessment of \$60,413 or \$27.84 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables that are located in Winnetka, Kenilworth, or Wilmette and within a different assessment neighborhood code than the subject property. The comparables consist of class 2-05, 2-story dwellings of masonry or stucco exterior construction ranging in size from 1,874 to 2,198 square feet of living area. The homes are 71 to 109 years old. Each comparable has a full or a partial basement and a 1-car or a 2-car garage. One comparable has central air conditioning. Three comparables have a fireplace. The comparables have improvement assessments ranging from \$73,672 to \$144,287 or from \$33.52 to \$76.99 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the board of review comparables that are located in different assessment neighborhoods than the subject property. Moreover, two comparables are considerably newer in age than the subject, and the board of review comparable #2 appears to be an outlier with its significantly higher improvement assessment relative to the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables that have the same assessment neighborhood and classification codes as the subject. These comparables are also relatively similar to the subject in age, dwelling size, and some features. These four comparables have improvement assessments ranging from \$44,200 to \$54,023 or from \$22.55 to \$25.96 per square foot of living area. The subject's improvement assessment of \$60,413 or \$27.84 per square foot of living area falls above the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
