

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Grotz
DOCKET NO.: 23-22075.001-R-1
PARCEL NO.: 27-18-104-001-0000

The parties of record before the Property Tax Appeal Board are William Grotz, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,844
IMPR.: \$63,155
TOTAL: \$72,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction with 4,614 square feet of living area. The dwelling was constructed in approximately 2012. Features of the home include a full basement, central air conditioning, a fireplace, three and a half bathrooms and a three-car garage. The property is in Orland Park, Orland Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. Each of the appellant comparables are two-story constructed of frame and masonry material. They all have full or partial basements, central air conditioning, at least one fireplace, two and a half to three and a half bathrooms, and a three or three and a half car garage. They range in size from 4,092 to 4,842

square feet in living area; and in improved assessment from \$51,858 to \$55,598 or \$12.67 to \$13.21 per square foot of living area. The appellant comparables range from 148 feet to .6 miles distance from the subject property. The appellant is asking for a reduction in total assessment to \$69,688.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$72,999. The subject property has an improvement assessment of \$63,156 or \$13.69 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The board of review comparables are each two-story constructed of masonry material. They all feature full basements, central air conditioning, at least one fireplace and a three-car garage. They range in number of bathrooms from two full and two halves to four full and two halves. The board comparables range in size from 4,180 to 4,492 square feet of living area; and in improvement assessment from \$61,655 to \$69,102 or \$13.98 to \$15.62 per square foot of living area. The board comparables are all on the same block. The board of review is seeking no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *appellant one and board of review comparables one, three and four*. These four comparables are similar in size, features and location to the subject property. They had improvement assessments that ranged from \$12.81 to \$15.62 per square foot of living area. The subject's improvement assessment of \$13.69 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
