

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Todd Stein
DOCKET NO.: 23-22285.001-R-1
PARCEL NO.: 05-31-421-007-0000

The parties of record before the Property Tax Appeal Board are Todd Stein, the appellant, by attorney Thomas E. Sweeney of Siegel Jennings Co., LPA in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,296
IMPR.: \$28,112
TOTAL: \$51,408

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,600 square feet of living area. The dwelling is approximately 74 years old. Features of the home include a partial basement with finished area,¹ central air conditioning, a fireplace and a two-car garage. The property has a 14,560 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code and property classification code

¹ The board of review disclosed the subject dwelling has a formal recreation room in the basement, which was not refuted by the appellant.

as the subject. The comparables are located less than a mile from the subject. The comparables are improved with one-story dwellings of masonry exterior construction ranging in size from 1,431 to 1,704 square feet of living area. The dwellings are from 51 to 68 years old. Three comparables each have a full or partial basement, one comparable has a crawl space foundation and one comparable has a concrete slab foundation. Each comparable has central air conditioning, two comparables each have a fireplace and three comparables each have either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$18,000 to \$24,500 or from \$11.71 to \$14.38 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$21,248 or \$13.28 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,408. The subject property has an improvement assessment of \$28,112 or \$17.57 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are improved with one-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,032 to 1,518 square feet of living area. The dwellings are from 65 to 96 years old. Three comparables each have a full or partial basement and one comparable has a concrete slab foundation. One comparable has central air conditioning, two comparables each have a fireplace and each comparable has either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$21,249 to \$35,414 or from \$20.59 to \$24.55 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #2, #3 and #4 due to their dissimilar foundations and/or lack of a garage, when compared to the subject. The Board has also given less weight to the appellant's comparable #5 due to its newer dwelling age, when compared to the subject. The Board has given reduced weight to board of review comparables #2, #3 and #4 due to their smaller dwelling sizes and lack of central air conditioning, when compared to the subject. Additionally, board of review comparable #2 is a considerably older dwelling than the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and board of review comparable #1, which are similar to the subject in location, dwelling size, design, age and some features. These two comparables have improvement assessments of \$18,000 and \$35,414 or \$11.71 and \$23.33 per square foot of living area, respectively. The subject's improvement assessment of \$28,112 or \$17.57 per square foot of living area is bracketed by the two best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed. Based on this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
