

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AC Properties Group, LLC  
DOCKET NO.: 23-22332.001-R-1 through 23-22332.002-R-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are AC Properties Group, LLC, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

<b>DOCKET NO</b>	<b>PARCEL NUMBER</b>	<b>LAND</b>	<b>IMPRVMT</b>	<b>TOTAL</b>
23-22332.001-R-1	05-17-312-061-0000	1,842	0	\$1,842
23-22332.002-R-1	05-17-312-065-0000	35,024	301,219	\$336,243

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry construction with 7,189 square feet of living area. The dwelling is approximately 13 years old. Features of the home include a full basement, central air conditioning, three fireplaces and a three-car garage. The property has a 25,017 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

PIN number 05-17-312-061-0000 is listed in the appellant's Residential Appeal addendum form but there is no amount being appealed for that PIN. PIN 05-17-312-065-0000 is also listed, and the appellant is appealing the improvement assessment for that PIN. PIN 05-17-312-065-0000 is the only appeal being considered by the Board in this decision.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four class 2-09 equity comparable properties with varying degrees of similarities to the subject which are located within a 2.1-mile radius of the subject. The improvements ranged: in age from 10 to 15 years; in size from 6,677 to 7,678 square feet of living area; and in improvement assessment from \$34.65 to \$40.07 per square foot of living area. Based on this evidence the appellant is seeking a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject PIN of \$336,242. The subject property has an improvement assessment of \$301,219 or \$41.90 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three class 2-09 equity comparable properties with varying degrees of similarities to the subject, two of which are located on the same block as the subject while one is within a ¼-mile of the subject. The improvements ranged: in age from 1 to 13 years; in size from 6,056 to 6,422 square feet of living area; and in improvement assessment from \$46.16 to \$47.15 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparable properties for the Board's consideration in determining assessment equity. The Board finds the best evidence of assessment equity to be appellant's comparables #1, #3, and #4 and board of review's comparables #1 and #2. The appellant's comparables #1, #3, and #4 are similar to the subject in age, size, bathrooms, full basement, central air conditioning, and three-car garage. One of these comparables has three fireplaces like the subject while the other two have four fireplaces. The board of review's comparables #1 and #2 are both smaller in square feet of living area than the subject and both have four-car garages while the subject has a three-car garage. These properties are similar to the subject in bathrooms, full basement, and central air conditioning. Board of review comparable #2 has three fireplaces like the subject while comparable #1 has two fireplaces. These comparable properties were similar to the subject and had improvement assessments that ranged from \$34.65 to \$47.15 per square foot of living area. The subject's improvement assessment of \$41.90 per square foot of living area falls within the range established by the best comparable properties in this record. After considering all the comparable properties submitted by the parties with emphasis on those properties that are more proximate in location, more similar in size, and with similar features relative to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds

the subject's improvement assessment is supported. The Board finds that the appellant failed to demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and, therefore, a reduction in the subject's assessment commensurate with the appellant's request is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
