

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Heather Montalto
DOCKET NO.: 23-22383.001-R-1
PARCEL NO.: 27-05-303-008-0000

The parties of record before the Property Tax Appeal Board are Heather Montalto, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,985
IMPR.: \$78,380
TOTAL: \$90,365

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 4,788 square feet of living area. The subject is classified as a Class 2-08 property under the Cook County Real Property Assessment Classification Ordinance. The dwelling is approximately nineteen years old. Features of the home include a full basement, central air conditioning, four fireplaces, four bathrooms and a four-car garage. The property is in Orland Park, Orland Township, Cook County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. Each is listed as a two or more-story dwelling constructed of masonry or frame and masonry material ranging in age from nineteen to twenty-eight years in age. Each is air conditioned, has a full basement, at least one fireplace, three or four bathrooms and a one and a half to three car garage. The appellant

comparables range in size from 4,446 to 4,948 square feet of living space; and in improved assessment from \$15.04 to \$15.99 per square foot. Geographically, the properties range from .2 miles to .6 miles distance from the subject property. The appellant is requesting a reduction in assessment to \$86,917.

The board of review submitted its "Board of Review Notes on Appeal" disclosing a total assessment of \$90,365; an improvement assessment of \$78,380 or \$16.37 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. Each of the dwellings are two-story, have full basements, air conditioning, one fireplace, four to six bathrooms and a three or four car garage. The board comparables range in size from 4,319 to 4,749 feet of living space; and an improved assessment from \$16.46 to \$18.05 in improvement assessment per square foot. Each of the four comparables are within a quarter- mile of the subject property. The board of review is asking for no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *appellant three and board of review comparables one through four*. These dwellings are virtually the same age, near in size per square foot of living space, shared similar features and are close in proximity to the subject. They had improvement assessments that ranged from \$15.97 to \$17.28 per square foot of living area. The subject improvement assessment of \$16.37 per square foot of living area falls *within* the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
