

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Margaret Hoyt
DOCKET NO.: 23-22525.001-R-1
PARCEL NO.: 05-17-314-009-0000

The parties of record before the Property Tax Appeal Board are Margaret Hoyt, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,320
IMPR.: \$66,233
TOTAL: \$92,553

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,443 square feet of living area. The dwelling is approximately 98 years old. Features of the property include a full basement, a fireplace and a 2-car garage. The property has an 18,800 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located from 1.4 to 2 miles from the subject property. The comparables are class 2-06 properties improved with two-story dwellings of masonry exterior construction ranging in size from 3,490

to 4,063 square feet of living area. The dwellings range in age from 74 to 85 years old. Each comparable has a full or partial basement, one or two fireplaces and either a 2-car or a 3-car garage. The comparables have improvement assessments that range from \$65,123 to \$73,629 or from \$16.24 to \$18.81 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$62,353 or \$18.11 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$92,553. The subject property has an improvement assessment of \$66,233 or \$19.24 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block as the subject or approximately $\frac{1}{4}$ of a mile from the subject property or within a subarea of the subject. The comparables are class 2-06 properties improved with two-story dwellings of masonry exterior construction ranging in size from 3,048 to 3,403 square feet of living area. The comparables are from 93 to 101 years old. The comparables each have a full basement, three of which have finished area. Each comparable has one or two fireplaces and either a 1-car, a 1.5-car, a 2-car or a 2.5-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$91,403 to \$100,082 or from \$28.98 to \$30.62 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables which are located more than 1 mile from the subject and differ from the subject in age and/or dwelling size.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review, which are located proximate to the subject and are overall more similar to the subject in dwelling size, design and age. However, the Board finds three comparables have basement finish and three comparables have central air conditioning, neither of which are features of the subject, suggesting downward adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$91,403 to \$100,082 or from \$28.98 to \$30.62 per square foot of living area. The subject's improvement assessment of \$66,233 or \$19.24 per square foot of living area falls below the range established by the best comparables in the record, which appears

to be logical given the subject dwelling has no central air conditioning and no basement finish. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
