

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sandra Plochman
DOCKET NO.: 23-22528.001-R-1
PARCEL NO.: 05-20-205-028-0000

The parties of record before the Property Tax Appeal Board are Sandra Plochman, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,955
IMPR.: \$67,680
TOTAL: \$88,635

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,256 square feet of living area. The dwelling is approximately 100 years old. Features of the property include a full basement, central air conditioning, a fireplace and a 1.5-car garage. The property has a 7,620 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located from .2 to .6 of a mile from the subject property. The comparables are class 2-06 properties improved with two-story dwellings of frame exterior construction ranging in size from 2,279 to

2,442 square feet of living area. The dwellings range in age from 82 to 135 years old. Each comparable has a full basement, central air conditioning, one or two fireplaces and either a 1-car, a 2-car or a 3-car garage. The comparables have improvement assessments that range from \$60,872 to \$68,838 or from \$26.71 to \$28.20 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$61,792 or \$27.39 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$93,057. The subject property has an improvement assessment of \$72,102 or \$31.96 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located approximately $\frac{1}{4}$ of a mile from the subject property or within a subarea of the subject. The comparables are class 2-06 properties improved with two-story dwellings of frame or stucco exterior construction ranging in size from 2,276 to 2,574 square feet of living area. The dwellings range in age from 95 to 116 years old. The comparables each have a full or partial basement, central air conditioning, one or two fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$74,662 to \$94,662 or from \$31.97 to \$33.64 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #3, as well as the four comparables submitted by the board of review, which are less similar to the subject in age or dwelling size than other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4, which are similar to the subject in location, dwelling size, design, age and some features. These two comparables have improvement assessments of \$65,663 and \$68,838 or \$26.89 and \$28.20 per square foot of living area. The subject's improvement assessment of \$72,102 or \$31.96 per square foot of living area falls above the two best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
