

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joey Resnick
DOCKET NO.: 23-22553.001-R-1
PARCEL NO.: 05-08-300-005-0000

The parties of record before the Property Tax Appeal Board are Joey Resnick, the appellants, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,537
IMPR.: \$72,790
TOTAL: \$119,327

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The property is a 21,153 square foot site located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance. The subject improvement is an approximately 99-year-old, two-story dwelling of frame construction with 2,982 square feet of living area. Features of the home include two full bathrooms, a half bath, a partial basement, one fireplace, air conditioning, and an attached two and a half-car garage.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales. The comparable properties are in the same neighborhood and within 0.7 mile of the subject. They range in age from 74 to 104 years; in size from 2,817 to 3,384 square feet of living area; and sold from March 2021 to July 2022 for

prices ranging from \$295.21 to \$370.74 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$97,478.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$119,327. The subject's assessment reflects a market value of \$1,193,270 or \$400.15 per square foot of living area, including land, when applying the Cook County Real Property Assessment Classification Ordinance of 10% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four sales comparable properties with varying degrees of similarities to the subject. The suggested comparable properties are in the same neighborhood and within a quarter mile of the subject. They range in age from 80 to 114 years; in size from 2,616 to 3,390 square feet of living area; and sold from July 2021 to September 2023 for prices ranging from \$375.44 to \$1091.97 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be appellant's comparable sales #1 and #2 and the board of review comparable sales #1 and #3. These comparable properties sold for prices ranging from \$295.21 to \$623.77 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,193,270 or \$400.16 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. After considering all the best comparable properties submitted by the parties with emphasis the sale dates, properties that are proximate in location, similar in size of living area, and with similar features to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
