

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brandon Mendez
DOCKET NO.: 23-22636.001-R-1
PARCEL NO.: 27-03-220-014-0000

The parties of record before the Property Tax Appeal Board are Brandon Mendez, the appellant(s), by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,100
IMPR.: \$32,900
TOTAL: \$41,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction with 2,551 square feet of living area. The dwelling is approximately thirty-five years old. Features of the home include a partial basement, central air conditioning, a fireplace and a two-car garage. The property is in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The appellant comparables are two-story dwellings of frame and masonry construction. They are all within ten years of age of the subject property, have partial basements, one fireplace, three bathrooms and two- car garages. The appellant comparables range in size from 2,272 to 2,652 square feet of building area; and in improvement assessment from \$9.94 to \$11.18 per square foot. The record

is silent as to the distance of each appellant comparables to the subject property. On this evidence the appellant is seeking a reduction in total assessment to \$35,600.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$41,000; and an improved assessment for the subject of \$32,900 or \$12.90 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The board comparables are all two-story dwellings of masonry or frame and masonry construction. Each of the dwellings are within five years of age to the subject property, have partial basements, feature a fireplace, two or three bathrooms and a two-car garage. The board comparables ranged in size from 2,046 to 2,448 square feet of building area; and in improvement assessment from \$13.15 to \$14.61 per square foot of living area. The board comparables are each on the same block. The board is seeking no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be the *board of review comparables* one through four. The board of review comparables are similar in age, size per square foot, features and proximity to the subject property. The subject improvement assessment of \$12.90 per square foot of living area falls **below** the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
