

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Staab
DOCKET NO.: 23-22662.001-R-1
PARCEL NO.: 05-17-404-033-0000

The parties of record before the Property Tax Appeal Board are Michael Staab, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$58,650
IMPR.: \$129,306
TOTAL: \$187,956

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco exterior construction with 5,588 square feet of living area. The dwelling is approximately 45 years old. Features of the property include a full basement, central air conditioning, a fireplace and a 2.5-car garage. The property has a 17,773 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located from 407 feet to .8 of a mile from the subject property. The comparables are class 2-09 properties improved with two-story dwellings of stucco, masonry or frame and masonry exterior

construction ranging in size from 5,009 to 5,828 square feet of living area. The dwellings range in age from 35 to 118 years old. Each comparable has a full or partial basement, central air conditioning, two fireplaces and either a 2-car or a 3.5-car garage. The comparables have improvement assessments that range from \$98,925 to \$147,500 or from \$19.75 to \$25.31 per square foot of living area.

Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$129,306 or \$23.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$212,999. The subject property has an improvement assessment of \$154,349 or \$27.62 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables that have the same assessment neighborhood code as the subject and are located within the same block as the subject property, approximately ¼ of a mile from the subject or within a subarea of the subject. The comparables are class 2-09 properties improved with two-story dwellings of frame or masonry exterior construction ranging in size from 5,028 to 5,358 square feet of living area. The dwellings range in age from 19 to 101 years old. The comparables each have a full or partial basement with finished area, one or two fireplaces and either a 2-car, a 3-car or a 4-car garage. Two comparables have central air conditioning. The comparables have improvement assessments ranging from \$141,178 to \$200,620 or from \$27.77 to \$39.90 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #3, as well as the three comparables submitted by the board of review, which are less similar to the subject in age than other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4, which are similar to the subject in location, dwelling size, design, age and some features. These two comparables have improvement assessments of \$98,925 and \$118,026 or \$19.75 and \$23.12 per square foot of living area. The subject's improvement assessment of \$154,349 or \$27.62 per square foot of living area falls above the two best comparables in the record. After

considering adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's improvement assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
