

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ghassan Omran
DOCKET NO.: 23-22670.001-R-1
PARCEL NO.: 27-22-414-004-0000

The parties of record before the Property Tax Appeal Board are Ghassan Omran, the appellant(s), by attorney Gregory P. Diamantopoulos, of Verros Berkshire, PC in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,391
IMPR.: \$21,495
TOTAL: \$25,886

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry construction with 1,062 square feet of living area. The dwelling is approximately thirty-six years old. Features of the home include a partial basement, a fireplace, one bathroom and a two-car garage. The property is in Orland Hills, Orland Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. Each of the appellant comparables are multi-level homes of frame and masonry construction. The appellant comparables all have partial basements and two-car garages. They vary in several aspects; Three of four have central air conditioning, one of four has a fireplace, three have one full bathroom the other has two. They range in size from 1,213 to 1,310 square feet of living area; and in

improvement assessment from \$19,360 to \$20,362 or \$15.96 to \$16.30 per square foot of living area. The appellant comparables range from .26 to .86 miles distance to the subject property. The appellant is requesting a reduction to \$21,532 in total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,886. The subject property has an improvement assessment of \$21,495 or \$20.24 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables. Each of the board comparables are multi-level homes of frame or frame and masonry construction. They all have partial basements and two-car garages. They vary in several aspects; two have central air conditioning, one does not, two have a fireplace, one does not. Each of the appellant comparables has differing numbers of bathrooms; one has two full, another has one full and the other has one and a half bathrooms. They range in size from 1,085 to 1,101 square feet in living area; and in improvement assessment from \$23,712 to \$23,950 or \$21.54 to \$22.07 per square foot of living area. The board comparables are all approximately one-quarter mile in distance from the subject property. The board of review is asking for no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *board of review comparables one through three*. These comparables had improvement assessments that ranged from \$21.54 to \$22.07 per square foot of living area. The subject improvement assessment of \$20.24 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
